We enter into Contract daily, but we seldom realize their importance. Contractual relations represent a commitment and ensure that what has been promised, it must be performed.

Clarity in the terms stipulated in any Contract is pivotal as it showcases the Intention of the parties while they ushered into a stage of consensus-ad-idem.

Electronic Contracts have fostered this legal relationship even further. This Value Added Course is designed to help the students to comprehend the solution to the complex issues in the distinguished branch of Law of Contract.
