Program Feedback Decisions taken by Employer

ACADEMIC YEAR: 2021-22

Action Taken Report

In order to provide practical training to the students, the faculty deliver their lecture by including live examples, case studies and also connect their topic with the current national and international events.

In view of suggestions made by the employers in the past, our institute conducts various add-on courses in different areas such as computer skills using Microsoft Excel, research methodology using SPSS, financial accounting using Tally Prime software, etc. This goes a long way in grooming our students better to meet the industry requirements.

To provide updated knowledge to the students, the faculty organises seminars/webinars/conferences/workshops. Such sessions train and update the faculty and also the students in multiple ways. The students learn to practically organize events, get practical exposure to public speaking and also learn from the interactive sessions of the experts.

In order to develop entrepreneurial intent in the students, the institute organises programs on entrepreneurship and schedules talks with the founders of start-up companies.
