Skill Enhancement Certificate Course

“Intermediate Level MS Excel ”

10 December 2018- 18 February 2019

REPORT

Excel is the most effective tool for managing and analyzing data of all kinds. Its increasing use in several management functional areas is generally recognized. This dynamic tool provides several options for not only making the task easier, but also for improving the sophistication of data reporting and analysis. Its numerous advantages motivate IT faculty at MAIMS to create a certificate course on Business Applications of MS Excel- Intermediate for our students' benefit.

This Certificate Course was the initiative for undergraduate students. The prime objective of the course was to introduce students to basic commands, useful functions, and capabilities of Microsoft Excel used in business. The course focused on in-depth Excel courses, including how to use various Excel formulas, tables, and charts to manage small to large-scale corporate processes. Each Microsoft Excel training session emphasized time-saving tactics, as well as discovering previously "programmer-only" capabilities. Along with this practical and usable training, students also learnt how to integrate their work within the Office “family” for achieving greater results.

Two batches of students were formed to provide them more attention for each session. The course was divided into 20 sessions and each session was taken by different faculty members. The registration for the course started from 3rd December 2018. The classes began from 10th December 2018 which ended on 18th February 2019. The classes of 1st Batch were conducted on Monday, Wednesday and Friday and the classes of 2nd Batch were conducted on Tuesday, Thursday and Saturday. All the classes were offline and the venue for the same was Lab 1. The timing of the classes was 3:00 pm to 4:30 pm. 120 students registered themselves with this course. Feedback forms were filled by students. At the end of each session there was an assignment to assess the understanding level of the students. And there were two quizzes conducted one in the middle of the course and secondly, after completion of all sessions a final quiz was conducted.

It was a great learning experience for the students as well as for the faculty. Session 1 was taken by Dr. Sangeeta Rawal, Session 2 by Ms. Neetu Agarwal and Session 3 by Ms. Rashi Aggarwal, Session 4 was taken by Dr. Sushila Gupta, Session 5 again by Ms. Shruti Sharma, Session 6 by Ms. Sarita Garg and session 7 by Dr. Deepak Dagar. Certificates were given only to such students who successfully qualified all the four parameters namely, Attendance, feedback forms, Assignments and Quizzes. Total 120 students across the country have registered for this course and have qualified all the above stated parameters.

Such programs always give an edge to the students when it comes to working in the corporate world. Knowledge of excel has become the essential part of every business and job. The credit for this ambitious initiative goes to Prof. M.K Bhat, Director, MAIMS and Dr. Vijay Khurana (Chief
