### Lecture on Women in India: Issues & Challenges

MAIMS organised a lecture on 'Women in India: Issues & Challenges' on 25<sup>th</sup> November, 2020. The function had been presided by Ms. Purnima Gupta, Assistant Professor, Dept. of Law.

Ms. Purnima apprised the audience that women are not inferior to men in any field. She expressed her concern that women in developing countries have not received the honour which they are enjoying in developed nations. She also mentioned that contemporary male dominating societies and governments need to pay special attention towards it.

On this occasion various scholars discussed social, economic, political, religious, psychological issues of contemporary women through their research papers and concluded that though the woman has achieved formidable success in various fields, yet she must be vigilant against her exploitation.

Also a painting competition was also held to showcase the importance of women entrepreneurship in India.
