REPORT

‘Learning is not attained by chance; it must be sought for with ardor and diligence.’

- Abigail Adams

India has made substantial economic progress over the past few decades. In recent years, Indian Government has carried out important market-oriented reforms. Sound financial systems underpin economic growth and development, and are crucial to the World Bank Group’s mission of alleviating poverty and boosting shared prosperity.

India has a diversified financial sector undergoing rapid expansion, both in terms of strong growth of existing financial services firms and new entities entering the market. The sector comprises commercial banks, insurance companies, non-banking financial companies, co-operatives, pension funds, mutual funds, and other smaller financial entities. The banking regulator has allowed new entities such as payment banks to be created recently, thereby adding to the type of entities operating in the sector.

In this volatile market - order, skills, and knowledge are going to be the essential assets that every aspiring youth needs to possess. To enable the students to feel enthused, empowered, and ready for the external environment, Maharaja Agrasen Institute of Management studies continuously strive to deliver skill enhancement programs that impact the way students learn and perform in the corporate world. In the same endeavor, to facilitate and prepare the students for NSE Certification Courses, FRM and CFA Programs, the Internal Quality Assurance Cell (IQAC), MAIMS invited experts to conduct “Career Counseling Sessions for Skill Enhancement Program – CFA, FRM & NSE Certifications”. The speakers of the sessions were:

Professionals with certified courses would be preferred when it comes to considering specific finance jobs. Artificial Intelligence has set its foot in the market. Although it's still adjusting and evolving, very soon it will give rise to a blend of finance and technology. Financial globalization and economic growth are closely related. Economies who are absorptive enough, are conventionally applying liquid market strategies to attract sophisticated investors. Hence, the rising importance of NSE Certification courses, CFA, and FRM would bring the best placement opportunities to the candidates.

Online Session 6: September 15, 2021

The sixth session in the series was conducted for the second-year students of the Department of Commerce on September 15, 2021. The main objective of the lecture was to make the students aware of the importance of advanced certificate courses like Chartered Financial Analyst (CFA), Financial Risk Management (FRM), and NSE Certificate Courses which can become helpful for them considering their finance and accounting background.

Online Session 7: September 16, 2021

This session was conducted for the second- and third-year students of the Department of Economics on September 16, 2021. The speaker, Mr. Alok Sharma, explained the requirements and criteria for joining the skill enhancement courses like CFA, FRM & NSE Certification courses. He elaborated on the contents of the courses, the difference between various courses, their duration, and the benefits of the same.

Online Session 8: September 17, 2021

The eighth session was conducted for third-year students of the Department of Commerce on September 17, 2021. Speaker, Mr. Alok Sharma, very well highlighted the need for skill enhancement courses in the present competitive world. He pointed out that with the advent of the New Education Policy, 2020, it has become even more important for students to look out for such courses. Further, he said that being a 3rd-year student, it is even more important for the students to look out for such courses as they would be sitting for placements after some time.

At the end of every session, a google form was floated among the participants in order to know their preferences for a specific certificate course and also to know about their future course of action so that further launch of these courses can be planned accordingly.

Path Finder 1.0 Series of Career Counselling Sessions 1st Session:

Higher Education & Career Opportunities Post Covid-19 Pandemic in India September 16, 2021

REPORT

Once the famous German-born scientist Albert Einstein said that *“Everybody is a genius but if you judge a fish by its ability to climb a tree, then people will believe that the fish is quite stupid.”* The value here is that each person or a child possesses a unique character and to pull out that unique character the concerned person needs a mentor or a counsellor. These days life is becoming full of challenges and with so many career opportunities, students are getting confused and puzzled up in making the right decision, therefore career counsellor with his counselling, advice, analysis, and research can play a major role in making the right decision for students.

With the aim of guiding students at MAIMS, the Department of Business Administration has planned the Pathfinder 1.0 series of career counselling sessions in association with TIME Education Pvt Ltd. The first session on “Higher Education and Career Opportunities after Covid Pandemic in India” was held on September 16, 2021. Total **130** students of MAIMS participated in the session.

The proceedings of the event were initiated by Student Coordinators Mr Harsh & Ms Simran Gambhir of the BBA program with the recitation of Goddess Saraswati Vandana. Mr Nakul Anand welcomed the dignitaries. Subsequently Prof. (Dr.) Vijay Kr. Khurana, HOD-Business Administration presented the theme address. Taking the session forward, student coordinators invited Prof. (Dr.) Ravi Kumar Gupta, Director-MAIMS for his blessings. Prof. (Dr.) Ravi Kumar Gupta lauded the organizing team and participants for their enthusiasm.

Mr Rushil Jain, Alumnus (BBA Batch 2006-2009) also graced the occasion. The experiences and learnings shared by our Alumnus Mr Rushil Jain (BBA Batch 2006-2009) augmented the learning for students, guiding them in the right direction in careers. His words will act as a compass guiding student of the institute in the right direction.

The speaker for the day was Mr Amit Poddar, Chief Knowledge Expert from TIME Education Pvt Ltd. He discussed in detail various higher education and career opportunities available in post covid era. It was an enlightening session for one and all.

He talked about Mr. Sam Altman, who is a foreign investor in budding startups. He is the director of 'Y combinator,' an entrepreneurship college that will fund your idea and team up to Rs.1 crore if they like it. He also mentioned that Sam's handbook titled 'Startup playbook' is a very well-crafted resource for new startups.

To quote him "It's not the idea investors are betting on, but the people behind it"

He highlighted the importance of a great team and individuals. Following that, he stated that if the team is Ok-Ok but your prototype is excellent, you can also achieve great heights.

Mr. Shivam Ahuja, a mentor himself, then talked about how his students came to him with only a brief idea and are now thriving. One of his students has a company named "LetReach" that specializes in AD-popups. Another of his student founded "Yourshel", a company that assists students in obtaining PGs in the DU circuit.

He encouraged young minds to not fear failure. He asked everyone to focus on the principle of developing their inner friend circle, as you are the product of whom you hang out with. He added that one should always execute the idea and there are certainly people who'll pick you up if you fall.

He then mentioned the three stages of startup funding - Getting initial investment from investors, Getting your own IPO, and Selling the idea/startup to another company. He used the example of 'InShots,' the most popular short-news reading app, which began as a Facebook page and also demonstrated the first website for 'OYO ROOMS,' which was made entirely of HTML but suited its purpose

The speaker's address was followed by a Question-Answer round which was moderated by Niharika Bajaj and Bhumi Sardana.

After thanking Mr. Shivam Ahuja for answering each question so enthusiastically, our moderator invited Vidit Rajpal to give the Vote of Thanks. The event was graced with the presence of dignitaries from our college and the society's faculty coordinators. After conveying our sincere gratitude to all those present in the Webinar, we ended the meeting as per schedule at 5.30 PM.

Message Circulated:

REPORT E-TALK ON “HOW TO HAVE A GROWTH MINDSET”

October 25, 2021

In order to prepare the final year students for the challenges ahead and offer support in any manner possible, MAIMS held a discussion on "How to have a growth Mindset." The conversation had taken place online via Gmeet on October 25, 2021.

Whether it's your business or even that someone special you want to impress, having positive energy and a growth mindset is a key trait that separates you from everyone else. And we have a wonderful solution for you, MAIMS organized a very insightful and interactive session with **Mrs. Mehar Sindhu Batra** who is an Entrepreneur, a Career Coach, and a Youtuber. Throughout the session one of the most important thoughts that she quoted was “Change your words to change your mindset”. She also interacted with the audience and even took up their questions and suggestions. It was indeed a great and insightful session.

The speaker had prepared an interactive power point presentation while also providing preparation tips for the talk, which was attended by **89** students.

He extolled the virtues of conceptual clarity to his listeners. He claimed that the Blue Print Approach was required to determine the attitude of the people who created the test questions. He went into great detail about the Preliminary, Main, and Interview portions of the exams. The Department's aspirant and consistently passionate students found the Talk to be really informative and educating overall. The major goal of the tests, according to the speaker, was to find the nation's unpolished gems in order to handle the onerous workload of the nation. According to him, the tests were intended for everyone in the nation, not just members of the upper classes. He declared that the examinations were challenging but not insurmountable in his final statement.

The lecturer continued by discussing old exam papers using an audio-visual style, and the students actively participated in the discussion. The Speaker then chose the students who had provided the correct responses to conduct mock interviews with them on stage.

Students braved the challenging questions that were asked to them during the mock interviews, and the speaker highlighted their errors as examples of "what not to do" throughout the interview process. He gave the pupils the advice to practice these mock interviews in front of a mirror so they can feel more confident on the big day.

The value here is that group discussion is the essence of the process of learning and understanding. Group discussions broaden the learning curve by exploring multiple dimensions of the topic. It was a subject of PAN India and we welcomed applicants from across the land. The Anchor Quest took place on December 14 and 15 2021 in the premises of Maharaja Agrasen Institute of Management Studies 7th and 9th Block. Around 200 people from all walks of life and different parts of India registered for this. 71 students of Department of Journalism and Mass Communication, MAIMS participated in the event.

In this round, applicants were asked questions based on their past work experience to test their skills and knowledge of Journalism. The second round consisted of an interview and a written exam based on Current Affairs to check an applicant's scriptwriting style to examine students in a more advanced scrutinizing manner. The final and last round consisted of a screening test, where students had to present their speaking skills to depict how good of an anchor they can be.

Industry Interaction with Confluence Solutions

The Maharaja Agrasen Institute of Management Studies (MAIMS) has always endeavored to safeguard student's futures and assist them at every turn. On December 29, 2021, Confluence Solutions hosted a interactive session for final-year students in 9th Block Seminar to encourage them to seek employment.

The Pre-Placement Talk was led by **Mr. Rohit Dutta** (Rohitdutta12@confluence.com) in an effort to prepare the students for the workforce. A one-hour discussion included topics such as resume writing, interview perspectives, the key to a successful interview, communication skills, body language, etc. An interactive session in which the students were given enough opportunity to ask all of their questions to the speaker was deemed a big success when a new sense of confidence was noted in the kids.

The Talk also offered to clarify facts such as income breakdown, job description, place of employment, bond information, etc. with the employer. Total **157** students took part in the discussion.

The Faculty Coordinators for this event were:

Dr. Bharti Chaudhary (Associate Professor)

Ms. Neetu Agarwal (Assistant Professor)

REPORT

“CAREER AVENUES: THROUGH EDUCATION IN INDIA AND ABROAD”

Commcompact - The Commerce Society of Maharaja Agrasen Institute of Management Studies organized a webinar on ‘Career Avenues: Through Education in India or Abroad’ on January 16, 2022. The webinar started at 5:00 PM and our guest speaker for the same was Mr. Arun Bhatia. 79 students registered and attended the webinar. The webinar was conducted via Google Meet.

Our host, Suhani Bhatia, commenced the webinar by greeting the speaker, the dignitaries, and the audience. Then, she introduced our speaker to the audience.

Mr. Arun Bhatia has a passion and drives to guide students toward their career goals. He holds an MBA in marketing and IT from the Institute of Management Studies and Research (Maharshi Dayanand University) and is also a diploma holder in corporate communication and advertisement from the Ahmedabad Management Association. He is currently the regional manager for Delhi/NCR and Chandigarh for Jamboree India. He possesses more than 20 years of experience in the fields of management, operations, sales, and marketing. Over the last decade, he has made significant strides in education and career counseling, having helped more than 5000 students in procuring their dream colleges.

Soon after the introduction, our host, Suhani, handed over the stage to our speaker who was delighted to have this opportunity to connect and guide the students. He divided the topics to be covered in the session as follows:

- Reasons for Indian students for studying abroad.
- Top Abroad Education Options.
- Understanding the education systems of the destinations.
- Reasons for the popularity and facilities they offer.
- Top courses to pursue abroad.
- How to build a profile for such colleges according to the courses?

The session began with the speaker conducting a poll to determine the audience's demographics. Then he mentioned reasons for most Indians going abroad, such as outstanding internship opportunities, career prospects, good experience of foreign citizens with welcoming permanent residency programs, and the global citizenship competition is holistic.

He then went on to discuss the top destinations, which include the United States, the United Kingdom, and the rest of Europe, Australia, Singapore, and Hong Kong, where 4,00,000 Indians go each year. A total of 2,00,000 people go to the United States each year, with the remaining 2,00,000 going to the other places mentioned, as well as 20,000 people from other countries. People travel to these top places for a variety of reasons, including flexibility, a solid economy, and welcoming PR systems and regulations. He also mentioned that students in these countries can also mix and match subjects, alter majors and minors, and take summer semesters off to improve their skill sets and expand their work options. Scholarships and assistantships are available. Transferring to another university is also a better and less expensive option. Continuing your Ph.D. without completing a master's degree is also a possibility in these countries.

Pre-Placement Interaction with OM Logistics

MAIMS has always served as a stepping stone for students who are prepared to expand their wings and soar to great heights in the future. On February 23, 2022, Om Logistics organized the Pre-Placement interaction for senior-year students online via gmeet in pursuit of this objective.

The Pre-Placement interaction was led by **Mr. Deepak** (Deepak2413@omlogistics.com), and the session gave the recruiter and the student an opportunity to communicate in order to determine the compatibility among the student's aspirations and the recruiter's needs.

An hour-long pre-placement speech included the speaker teaching the recruiter's desired values and igniting their dreams of confidence and success. It was a highly educational discussion that not only helped students clarify their questions about the field's future, but also helped them better prepare for the interviews they will face in the future.

There were **349** students present for the lecture. The speaker addressed all questions pertaining to post-secondary education or employment, wage packages, and ultimately encouraged the audience to study diligently, continuously strengthen their soft skills, and participate in extracurricular activities for personality development.

The faculty coordinators were:

Dr. Preeti Bansal (Assistant Professor)

Ms. Kamna Vaid (Assistant Professor)

WEBINAR ON OVERSEAS CAREER PROSPECTS FOR GRADUATE STUDENTS

March 4, 2022

Department of Commerce, Maharaja Agrasen Institute of Management Studies under the Aegis of IQAC organized a webinar on overseas career prospects for graduate students for all the students of B.Com (H), BBA, BAJMC, B.A. Eco. and LLB on March 4, 2022. After graduation students have diversified fields to pursue their higher education in India and abroad. Students need guidance to choose from the available options. The main objective of this webinar was to provide guidance to students in choosing the right path for higher education outside India.

The webinar started with a welcome address by Ms. Harshita Jain, Student Co-Ordinator, Department of Commerce, who welcomed all the participants and dignitaries in the event. Further, Prof. (Dr.) Manju Gupta, Head, Department of Commerce, MAIMS delivered the introductory note for the webinar. It was then addressed by the honorable Dr. S.K. Garg, Director General, MAIMS. He very well highlighted the need for such webinars and guided students to opt for such programs with caution of quality and rank of the university in which they are seeking admission.

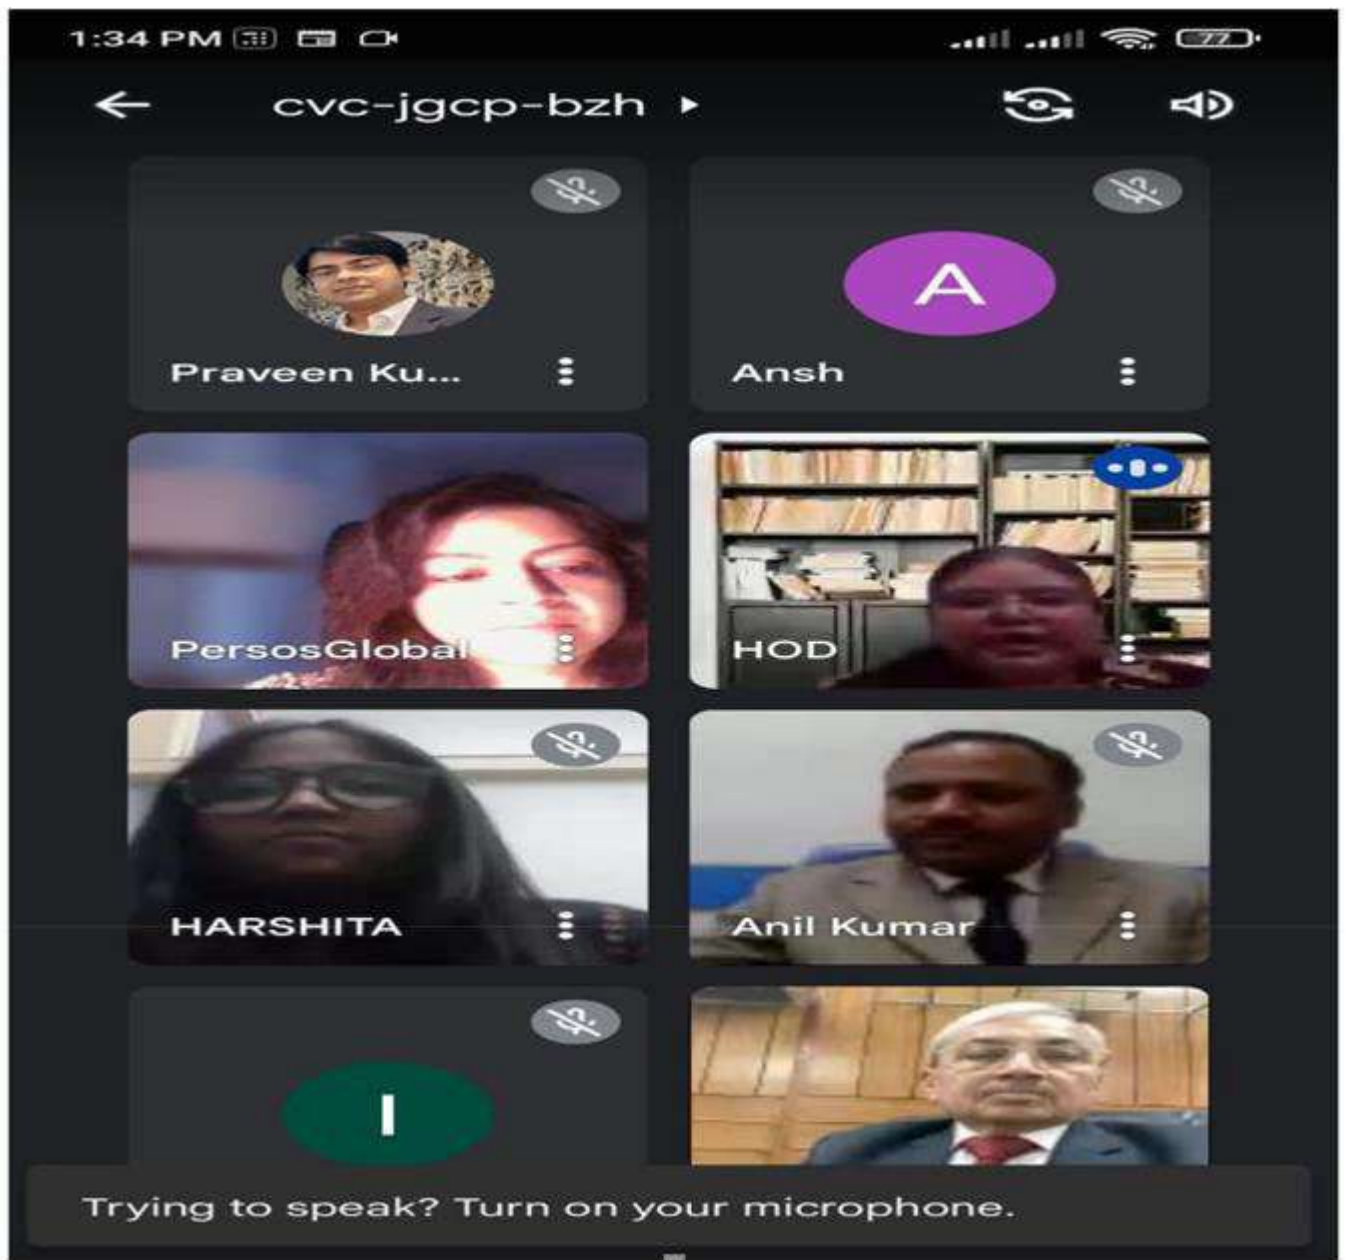

The resource person for the webinar was Dr. Kanika Gupta, Co-founder of the European School of Data Science and Technology and founder of Plato Global. She has more than 15 years of work experience working in Higher Education globally. A few of her earlier associations include Amity University, European Business School, International School of Management, Oxford Brookes University, and many more in the USA, UK, Europe, and India. She has served in senior positions as Dean, Head of international programs and validations, and E-learning quality control specialist, and has won several awards in research. As an academician, she is Ph.D. in Finance and has served as a professor at various Universities.

She came from a humble background but was very fortunate to travel extensively across the USA, UK, Europe, and base India. With her experience in Higher Education and traveling, she has been able to create a lot of value for the young generation. She very well explained the need and importance of foreign exposure and the opportunities available to earn while learning. She also explained the options available in Germany and Europe. The expected cost of courses, cost of living, etc. was also discussed in detail. She also answered the queries of students. 142 students from Department of commerce participated in the webinar.

The webinar came to an end with a vote of thanks proposed by Dr. Anil Kumar Goyal, Convener Associate Professor, Department of Commerce.

Internship Fair is the flagship event of ILLUMINATE, which was conducted for the first time in MAIMS on March 29, 2019. Taking forward the annual flagship event Internship Fest 4.0 was organized on the 6th and 10th May 2022.

A total of 24 companies were invited to offer internship opportunities to the students. Companies offered internships in various domains of Management viz Human resources, Sales & Marketing, Designing, App Development, Coding, etc. Thus, students from different backgrounds and courses got an opportunity to avail internships. All the companies were first registered on Illuminate's website along with their respective internship domain and Job Descriptions. Students were required to upload their CV/Resume on the forms circulated by the respective companies and sectors of their interest. The uploaded resumes and the personal contact details of the attendees were shared with the respective companies for shortlisting. Team Illuminate also assisted companies in further shortlisting of the candidates based on their resumes as per the job description as a part of the MoU. The shortlisted candidates appeared for interviews on May 6, 2022 at the Maharaja Agrasen Institute of Management Studies campus.

Report Talk on “The Preparation for Competitive Exams”

November 25, 2020

MAIMS organized an online talk on November 25, 2020 via Gmeet titled "The Preparation for Competitive Exams" to prepare final-year students for upcoming competitive exams.

Mr. Sanil Sachar (National Bestselling author, Founder, Huddle Incubator, and TEDx speakers) graced this event to educate and inspire the students on how to maintain their preparation. In addition to being well-known in the industry, the speaker specializes in preparing students for the ultimate test of competitive exams, namely the interview.

For the presentation, which was attended by 70 students, the speaker prepared an interactive PowerPoint while delivering preparation-related tips.

He preached to the audience the significance of Conceptual Clarity. He argued that the Blue Print Approach was necessary to evaluate the test-makers' mentality. He elaborated on the Preliminary, Main, and Interview examination sections. Overall, the Talk was extremely Informative and Educational for the department's ambitious and enthusiastic students. The speaker made it clear that the primary purpose of the examinations was to unearth the country's rough diamonds in order to complete the arduous work of the country. According to him, the exams were intended for everyone in the country, not just the elite members of society. He concluded by stating that the examinations were difficult but not impossible to pass.

During the remainder of the lecture, students actively responded to the questions posed by the speaker using audiovisual techniques. The students who had correctly answered the questions were then selected by the speaker for mock interviews on stage.

During the mock interviews, students faced challenging questions, and the speaker highlighted their mistakes as examples of "what not to do" during the interview process. He advised the students to practice mock interviews in front of a mirror in order to gain confidence prior to the actual interview.

Faculty Coordinators Dr. Preeti Bansal delivered the Vote of Thanks, which concluded with enthusiastic student applause.

flourished. Day 1 of workshop ended with enlightenment and zeal in the minds of the participants.

Dr. Amit Kumar Dwivedi started his speech with a thought that this is the best time to empower and develop ourselves due to the spread of COVID-19 and implementation of lockdown almost all over the world. He told everyone that he will be discussing some research findings, historical aspects of family business and what can be done in the field of succession in a family business.

Sh. Suriyemani Singh explained the Self-Reliance concept as mentioned by Prime Minister Modi was mentioned by the speaker. Unless until individuals become self-reliant. The concept of Self-Reliance starts from the individual. Therefore, unless the mindset of entrepreneurship is installed in the individual the pathway of Self-Reliance will not be achievable. Mr. Prashant Kumar Sinha took over from here, he started by talking about innovation, which he further explained to be a very complicated attempt with uncertainties, where diverse economic and social factors are complexly related, and its outcome is impossible to predict. Prof. S.K. Bhatt gave wonderful information about the business incubators, Ms. Sakshi Gupta welcomed Prof. S.K. Bhatt. Prof. S.K. Bhatt started by thanking everyone and especially Mr. Tiwari for inviting him. He said that the entrepreneurs should know that which type of project they have to choose so he talked about the various types of project namely industrial project which includes micro and small-scale units,

medium-scale units and large units, service-oriented projects, tourism-related projects, and so on.

The next speaker was Mr. Neeraj Kumar who explained that the government's initiative of self-reliant India is not beneficial just for the citizens but is very important for the economy of the country as a whole. “The entrepreneur's main problem is finances,” said the speaker. Ms. Sakshi Gupta, the host of the day, thanked our last speaker of the session saying “Being an entrepreneur, male or female, in any part of the world is always a challenge.

On third day, the first speaker was Mr. Tulsi Tiwari. He discussed about the notion and concept of money and how it is affecting our lives in a very big way. Then shortage of capital into the country and how it gives rise to foreign direct investment.

The next speaker, Mr. Bala then started presenting his ideas. He said that we have technology which is innovative and we use it to create monopolies. We need to start spending more on advertising because we're trying to use technology to cut down other required overheads like mechanization. At the same time, we do automation saying that it controls cost but then we increase expenditure on marketing by capturing the market.

Mr. Raja rejoined the conversation and continued by taking a point raised by the previous speaker. He talked about the technology landscape over the last few years, where it hasn't shown much change except among the technocrats and people who use it on large scale. The perception has been that technology aids the concentration of economic power and said technology is capital intensive and costly and therefore is in the hands of the owners of capital. And if this leads to concentration of economic power, then it will also lead to all the ills mentioned earlier by Mr. Tulsi namely manipulation, speculation, parasitic destruction, wealth destruction and what we see today is a sort of cannibalistic culture. Ms. Sakshi Gupta invited Ms. Usha Nair to give the concluding remarks on final session of Day 2 of three-day workshop. She expressed her big thanks to all respected speakers.

The third day of the Workshop on “Entrepreneurship as a Pathway to Make India Self- Reliant” equally enlightening and offered a highly learning and interactive experience to the participants. STUDENTS' PERSONALITY DEVELOPMENT ACTIVITY ON
"DEMYSTIFY MBA- INDIA AND ABROAD"

August 30, 2020

MAIMS has always taken concrete steps to work towards the holistic development of the students. We realize that in today's competitive world, studying MBA has become extremely popular over the years and now, there are hundreds of MBA colleges all over India. But there is an urgent need to bust the myths of MBA and check the reality of studying MBA in India. To provide clarity to students aspiring for MBA, *Illuminate – The Learning Hub* of Maharaja Agrasen Institute of Management Studies organized a webinar on 'Demystifying MBA' on Sunday, August 30, 2020. The webinar was conducted using the digital platform, Zoom at 5: 00 pm.

The resource person for the webinar was Mr. Alok Bansal, a well-known career counsellor. Mr Bansal is a Post Graduate in Management from Xavier Institute of Management, Bhubaneswar and an Engineering graduate from Delhi Technological University (Formerly known as Delhi College of Engineering). He has also done a Course in Leadership from Harvard Business School. He has been credited with growing the IMS test prep business in Delhi till 2018. He has worked at senior management positions at companies like ICICI Lombard, Larsen & Toubro, IBP Caltex, ExxonMobil etc.

Mr Alok Bansal started his interaction with the students by first explaining the apparent reasons behind the growing popularity of MBA in India. Management became a vital part of the organization structure and hence started the massive recruitment of professionals with managerial skills. MBA has become so popular that even engineers and scientists have started

taking the course to gain business knowledge or become entrepreneurs. With such massive numbers in play, a lot of myth and misconception have gradually surrounded this most aspired course in India and we want to do a reality check. He listed several myths associated with MBA such as MBA gets you a higher salary package, MBA might not be the right course for you if you have not studied business or management in your undergraduate degree, a management degree from B-schools in India is not valid abroad, the market is saturated with MBA graduates and the demand for them is declining due to the unavailability of jobs in the market to sustain them, etc. to cite a few.

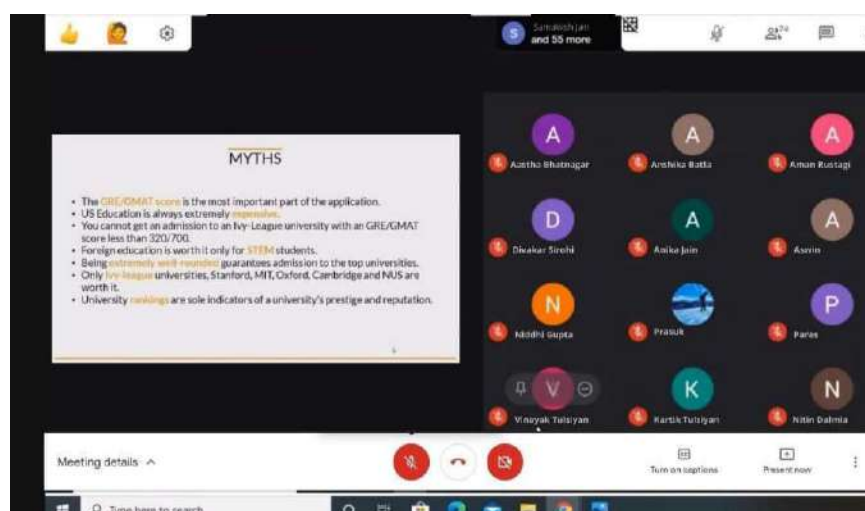

He then moved forward clarifying each and every myth listed above. MBA, as a degree, might land you a managerial position in a company but the compensation and appraisals are completely based on the candidate's merit and hard work. MBA has evolved as a programme and there is a significant increase in the flexibility and variety of courses available with B-schools these days. Indian B-schools have transformed drastically and have adapted experiential, practical learning, based on research and industry supported live projects as the way ahead. No matter which industry, there will always be requirements for good managers and subject matter experts. Mr Bansal also gave some of the valuable tips to students about building the right profile to leave one's (potential) connections with positive thoughts about

self. Preparations related to GMAT and facing the interview panel was also discussed by him in response to students' queries.

The session was very interactive and saw a presence of 67 participants.

The enthusiastic audience raised many thought - provoking questions like How to choose the right MBA school for aspirants? Is there a right time to take the MBA plunge? What specific questions should be asked from MBA aspirant? What to expect during the interview?

It was indeed a valuable session wherein the take away have helped the prospective students to identify answers to few strategic questions that constantly troubled them when thinking about MBA. This webinar gave them an opportunity to unlock exclusive information and make valuable contacts, which will help them to determine if a college and its programs are the right fit for them.

REPORT

WEBINAR ON ENTREPRENEURSHIP AND SCOPE OF CREATIVITY IN MODERN ERA

September 12, 2020

Compact-the Commerce Society of Maharaja Agrasen Institute of Management Studies organized a webinar on “Entrepreneurship and scope of Creativity in Modern Era” on September 12, 2020. It started at sharp 3:00 PM and our guest speaker for the same was Mr. Sanil Sachar via Google Meet. The session was attended by 68 students from Department of Business Administration and Department of Commerce.

Our society’s president, Vanshika Gilhotra gave the welcome address following which the introduction to our speaker was given by our host, Manasvi Khanna. Mr. Sanil Sachar is a national best-selling author from India with four books, traversing through prose, poetry, short-stories, scripts and couplets, that have been critically acclaimed and received by readers around the world. With over 200 works of published poetry and short-stories, Sachar is one of the few Indian authors to be published in all forms of literature.

Known for his work on realism, Sanil has co-produced the New York Film Festival award-winning Bollywood film, Mantra, as part of his love and contribution to the world of art. Often writing about realism, Sachar writes his work in the early hours of the morning, in order to create work unhindered by external thoughts. A founding partner of Huddle, a leading incubator in New Delhi, India, which has incubated over 30 sector agnostic startups in the consumer, blockchain, electric vehicle and health sectors, he is also of the co-owners of the global sports brand Tru, under which Trusox which is the brands patented high-technology performance socks are worn across 9 sports and across the globe.

Soon after the introduction, our guest speaker launched our e-newsletter – Vanijya. A summarized version of what was covered in this edition of the news was shown through screen sharing done by Anubhav Goel while Nikita Kaimal narrated the various business stories covered in each category as mentioned below.

Our newsletter Vanijya which translates to commerce covers various commerce and business stories around the world. In this edition we have covered the news till mid-September. Firstly, we have covered the main news of the month as our cover

story which is none other than that of GDP contraction in India. We have covered the reason for contraction, sectors affected by the contraction, comparative study of India with other countries around the world and how the government is taking measures on it.

Moving on to our first category i.e., Vyapar which covers the business news of the month. In this edition we did an analysis of the relief package of ₹20 lakh crores announced by the government under the Atamnirbhar Bharat Abhiyan. We also did an analysis of industries moving to India during this pandemic and how India can take advantage of this situation by seeking foreign investments.

An advertisement of the book written by our speaker Mr Sanil Sachar was then shown to the audience. Then we had our bazaar column which covers the stock market and investment news. In this edition we have covered the biggest news of the market which is of Reliance and Jio. We have explained the various investments worth 21\$ billion by various companies in India's Jio platform. We have included a timeline explaining the same.

Lastly, we have our success mantra column in which we will cover the story of a successful entrepreneur each month. In this edition we have covered the success story of Mr. Vijay Shekhar Sharma the founder of Paytm.

This launch was followed by the speaker's address to the audience wherein he shared his experience while attending various webinars during Covid-19. The conversation was then carried forward by a Question-Answer segment wherein various audience members participated and got a chance to get their queries answered. Some of the thoughts shared by the speaker in response to the questions raised by the audience are briefly mentioned in the following paragraph.

The session started with Mr. Sanil Sachar discussing about how the criticism he received on his work made him realize that he wanted to become and had the potential to become a writer and how the mere idea of challenging himself became his inspiration to write a book. He also mentioned that inspiration comes from passion which is the hunger to learn and to be better. Next, he talked about the struggles that he faced while building a business model and said that the biggest challenge was to be mentally prepared for rejection as the first of anything that we do is built from rejection. He also discussed about what incubation is and what an incubator does.

Then he talked about success being a mythical mountain that has no end to it. He also encouraged everyone to try and conquer small milestones, calling success as a whole a glorified term. On being asked about how important it is for a writer to read, Mr. Sachar said that only 10-15% of how much you write is what you should read, that too in order to get to know about different styles of writing. He also discussed about how reading a book backwards can help in reading faster. He then talked about his upcoming novel “And... Perhaps love” and his company TruSox.

To quote him “A new normal has replaced the established order. Distant relationships, virtual work, blurred futures and measuring our way back to this reality occupy us every day”. Negotiating these changes, Mr. Sanil Sachar’s “And . . . Perhaps Love” will work as your companion. It is a silent observer for when you want to read it, and a patient listener when you wish to communicate with it. Capturing the ideas of love, darkness and the attempt to find balance in life, this is a book for now and forever. Set in 2020, “And...Perhaps Love” is a book written in a manner to help each reader become the protagonist, with over 50 ways to read the book, leading to a common ending, it is a book, made with a new approach during the new normal. The session ended with Mr. Sanil Sachar talking about his favorite writer Mitch Albom and some of his famous works ‘Tuesdays with Morrie’ and ‘Five people you meet in heaven’.

After thanking Mr. Sanil Sachar for answering each question so enthusiastically, our moderator for the event, Nikita Kaimal, invited Ishika Gupta to give the Vote of Thanks. She also informed the audience about the procedure to subscribe to our newsletter. The event was graced with presence of dignitaries from our college and the society’s faculty coordinators. After conveying our sincere gratitude to all those present in the Webinar, we ended the meeting as per schedule at 4:00PM.

ENTREPRENEURSHIP WEBINAR ON “HATCH FROM SCRATCH”

September 30, 2020

Platform: G-meet

“Entrepreneurship is an essential life skill and it’s never too soon to get started.”

Entrepreneurship is important as it has the ability to improve standards of living and create wealth, not only for the entrepreneurs, but also for related businesses. Entrepreneurs also help drive change with innovation, where new and improved products enable new markets to be developed. The path towards entrepreneurship and an entrepreneurial mindset can be pursued by anyone, but the problem is how to start. To apprise the students with practical insights, Bizmind, The Ecell of Maharaja Agrasen Institute of Management Studies organized a webinar “Hatch from Scratch” on September 30, 2020 by Mr. Gundeep Singh. Mr. Gundeep Singh, currently working with Myntra is an alumnus of Columbia University, pursuing a management degree in Entrepreneurship, innovation and strategy from Harvard University. He has been a TEDx speaker and a keynote speaker at institutions like IIT, IMA, etc. Besides listening to podcasts, Mr. Gundeep is an avid skier, lover horse riding and also maintains an adventure list. But what he holds close to his heart is having been the youngest to scale the Pindari Glacier.

The programme had the delightful presence of Prof. G. P. Govil, Advisor MATES, Dr. Manju Gupta, HOD, Department Commerce, faculty members and students of MAIMS. The programme opened with Dr. Manju Gupta, welcoming one and all. All the organizers and the participants were highly motivated by the address of Prof. Dr. Gyan Govil, who shared a part of what he knows and thinks about entrepreneurship with the people present. He also congratulated the team of Bizmind for the successful launch of the ‘Bizshow’. With experience comes knowledge. He gave the people of the house a small glimpse of that knowledge by sharing his thoughts on the matter with them. According to him, “Dreams aren’t those which you see in your sleep, by those which don’t let you sleep”. He also shared some incidences from the lives of great people, who became great not because of their natural talent or luck but because of their will to never give up.

The highlight of the event is the inauguration of the Bizshow, brainchild of students of BIZMIND by launching their inaugural video. BIZSHOW is a video series which promises to focus on different facets of this world that we live in. The basic idea behind every video is to analyze the situation through a business angle. And that is what makes the videos interesting! The theme of the video was the business idea behind the launch of CORONA Vaccine.

Mr. Gundeep is a personality with immense knowledge about business. The name of the seminar ‘Hatch from Scratch’ is of his own making. According to him, the first step in the process of starting a business is an idea. The idea is the beginning of everything. He said that there is seldom any eureka moments in a wannabe entrepreneur’s life. Most of the time he/she has to improvise and then execute the idea. He took a very fun example of harry porter’s magic wand. He told the people that when thinking about the idea, use the figurative wand of Harry’s and make all the problems vanish. When you do that you get a clear idea. He used the example of companies like Dropbox and OYO to expound on his point. He also talked about a few models through which people can get ideas to start a business. One such notable model is the disruptive model. A disruptive model, according to the speaker, is a business model that employs a strategy for creating new business markets by improving upon or making a change to existing business model. In the course of the growth of these new markets, it eventually uproots established businesses, also called incumbents. He put forth the following points too:

- **Short listing the Idea:** Short list the ideas to choose from.
- **Devil’s advocate:** At this stage become the devil’s advocate and question everything about your idea.
- **Validate the Idea:** Get the proper validation for the idea.
- **Get ready to market:** Get ready to market your idea. Marketing is what gets your product sold.

Total 73 students participated in the webinar with great zeal and enthusiasm. The audience was very pleased with the speaker's systematic way of putting forth his ideas and then expounding on them. Because of the speaker's communication skills and the way of presentation, the audience participation was staggering to say the least. Almost every other person had a question of his own. And what can we say, the speaker tried to sate the thirst for knowledge of his audience to his level best. The speaker also talked about his own startup-Honcho, an app which helps people in a group make important decisions. He also conducted a quick exercise to challenge the audience and make the program more interactive. All in all, the webinar was a huge success, and audience was delighted by the value addition the webinar provided.

WEBINAR ON “BE A SOCIAL ENTREPRENEUR”

By Mr. Sahil Aggarwal

On the eve of December 9, 2020 Enactus MAIMS organised a webinar on the topic "**Be A Social Entrepreneur**". The speaker for the session was **Mr. Sahil Aggarwal** , Founder and CEO of Rishihood University , an impact-oriented initiative established in India which believes in an ecosystem approach to learning rather than isolated training and research.

The webinar was attended by more than 107 students of MAIMS.

The topic of the seminar revolved around social entrepreneurship. The speaker started the webinar with relating his personal life experiences with social entrepreneurship which helped the audience to connect to the topic. After which certain concepts and principals were explained by the speaker. Furthermore the concepts of profit and non-profit organisations and important aspects of raising funds were explained to the attendees in order to provide them with the basic ideas of working of such organisations. The students were motivated when the speaker explained the basis of building a start up at a young age with much less responsibilities and higher risk taking capabilities.

The second half of the webinar revolved around a two way communication between the attendees and the speaker. The participants came forward with some exceptionally brilliant questions and the speaker answered them in a detailed manner. Questions came from all the aspects considering the social, investment, finance, etc. requirements for a startup.

After the session e-certificates were distributed to all the participants by the organising team.

Webinar on Career Options & Entrepreneurial mindset and Employability Skills in the Indian Communication Industry- PRism 2021

April 17 ,2021

- **PR is a mix of journalism, psychology, and lawyering – it's an ever-changing and always interesting landscape.” – Ronn Torosian**

Every business depends on good publicity and good relationships with its consumers and partners. PR plays a crucial role in building a brand up from the scratch and making friendly relations with its consumers. Public relations helps in promoting and protecting the image of a company, it is important to do good PR if you want your brand and your name to shine above all the competition. Public Relations plays with the mind of the consumers and the potential consumers in a good way. It can not be considered manipulation as Public Relations focuses on bringing the true image of a company in front of the general public by doing activities which can help the society as a whole and leave a positive impact. To educate the students about the significance of PR and its many aspects of PR, the department of Journalism and Mass Communication organized a webinar on '**Career Options & Entrepreneurial mindset and Employability Skills in the Indian Communications Industry**' on the 17th April, 2021 with renowned and unrivalled speakers from the industry with powerful opinions and meaningful experience. Our honorable resource person for the seminar was Mr. John Prasad, Executive Director, Corporate Communication, Indian Oil Corporation Limited. The faculty coordinator & Event convener for the seminar was Ms. Shifali Ahuja, Assistant Professor, Department of Journalism & Mass Communication, MAIMS. The event was conducted on Zoom and had **85** participants who listened to the seminar diligently with great attention. The seminar was full of meaningful information and students attained a lot of knowledge by the speakers and their experience. Ms. Jahanvi Bhagat, A student of BA(JMC) 3rd year was the sole anchor for the event and did a tremendous job by handling the event efficiently and interacting with the speakers and guests gracefully.

The objective of the event was to teach students how to integrate digital communications, including social media, into a public relations strategy while also covering operational implementation. Our goal was to enable participants to develop their own strategic communications plan by meaningful information and to teach them how to come up with media angles, writing media releases and media pitches that get results.

Besides our Resource person Mr. John Prasad the students were edified by the profound knowledge of our honorable Head of Department Prof (Dr.) Vinita Gupta, who shared her valuable and amazing thoughts with us on the PR industry and the current situation our whole media industry is in and how we can move forward with the rays of hope amid these hard and bleak times.

The seminar was also lightened up by the great words of motivation and hope by our guest Mr. Ajit Pathak who spoke about how institutions and industries are moving forward with the online mode and adapting to the situations. He also stated that online is the new normal for institutions to teach students so that students won't lose their studies sitting at home and will make the best out of their time even at home during the Covid restrictions and lockdowns.

The event ended on a good note with the vote of thanks by the event convener Ms. Shifali Ahuja, Assistant Professor, Department of Journalism & Mass Communication, MAIMS, who was also praised by our Head of Department, Prof (Dr.) Vinita Gupta for her dedication and efforts she has put in to make the event a success.

To conclude Ms. Shifali Ahuja commemorated the support of her colleagues and the whole faculty of the department of Journalism and Mass Communication amazingly. The participants and the guest speakers were moved by the gesture and it displayed great respect which the whole department of Journalism and Mass Communication shares among each other.

The event was indeed a success and students were left with nothing but knowledge and information imparted by our great orators in the seminar. Students also asked many questions from our resource person Mr. John Prasad who countered all the questions and cleared all the doubts of the students greatly.

She outlined the basics of both the fundamental and Research Method analysis for the students. She highlighted the need to carefully select the stocks as she categorized them as wealth creators and wealth destroyers. The critical aspects of choosing the right stock were listed as business models, competitive advantage, and corporate governance. She also brought to light the quantitative aspects of choosing a stock such as profitability, earnings, operating efficiency and debt-capital ratio. She also said that while choosing stocks we need to consider financial ratio analysis of profitability, valuations, operating efficiency and leverage ratios—as they are more revealing than the absolute numbers. The presentation was lucid and interactive. She spoke of the assumptions on which technical analysis operates: the market discounts everything, price moves in trends and history tends to repeat itself. She briefly introduced the line charts, the bar charts, and the candlestick chart for the students and delineated concepts of support and resistance in technical analysis.

Following the lecture there was a very interactive question and answers session with many questions being asked and answered. There was a quiz which followed. Three top and quick respondents (Abhay Pratap Singh, Kushal Jain, and Rishabh Sati) were rewarded with a cash prize of Rs. 500. Prof. Ravi Kumar Gupta gave his concluding remarks and announced the results and congratulated the winners of the quiz.

The session ended with the vote of thanks proposed by Ms. Shilpa B S L, Assistant Professor, Department of Business Administration and Co-Convenor. The event was technically coordinated by Ms. Shilpee Aggarwal. Ms. Shruti Sharma, also a member of the organizing team, ensured distribution of certificates to all the participants. Our BBA students, Eshita Arora (BBA 2019-22) designed the poster, while Alka Patel (2018-2021 batch) and Yamini Ahuja (2018-2021) anchored the event.

CONSTRUCTING CAREER: RESUME BUILDING AND INTERVIEW SKILLS ENHANCEMENT

By Mr. Anand Saurabh

June 26, 2021

The session started with blessings from Maa Saraswati. An introductory and welcome address was given by Prof. (Dr.) Vinita Gupta, HOD, BA(JMC). Prof. (Dr.) Ravi Kumar Gupta, Director, MAIMS, gave a brief about the importance of the workshop for the students and appreciated the efforts of the entire organising team. Prof. G. P. Govil, Advisor, MATES, gave his words of sagacity. He spoke about the importance of a resume in career building. *“Resume is the mirror of yourself - -when you market yourself”*. He also mentioned, *“many students have a very casual approach towards resume making”*. He gave some keynote pointers for making your resume stand out from the crowd and how you can prepare yourself for an interview.

Mr. Anand Saurabh, the keynote speaker of the event highlighted professor Govil’s words by saying, *“Already reached the climax now we are going in flashback. His speech was a summary of what I’m going to talk about in the next one and half hours”*. He, during his session, spoke about how to draft an impressive resume; what a resume is? Types of resumes. *“Resume is an ad made by you to market yourself. Traditional resumes are still dominating the job market today but non-traditional resumes will be in prominence in the upcoming future”*. He stated that we should consult Ramayana, Mahabharata, and Bhagavad Geeta for life lessons. Sir shared his thoughts about how a job becomes the heart of your life as your life revolves around your job. He also highlighted online social media resumes and video resumes. He talked about the steps for an effective resume writing for freshers. He concluded by saying that you are your own brand so present yourself like one in an interview.

Prof. (Dr.) Vinita Gupta thanked the keynote speaker. She also shared her past experiences before the Question-Answer session. Mr. Anand Saurabh gave elaborate answers to all the questions asked by participants. He also provided some practical tips for the interview saying, *“Capability is the mantra”*.

103 students of department of Journalism attended the event. Ms. Shefali Ahuja, Assistant Professor, MAIMS, presented the vote of thanks. *“Experience matters the most”* with this she concluded her speech.

REPORT

STUDENTS' PERSONALITY DEVELOPMENT ACTIVITY ON **"CAT PREPARATION AND PROFILE BUILDING"**

Sunday, June 28, 2020

MAIMS has always taken concrete steps to work towards the holistic development of the students. We realize that it is not the most knowledgeable who cracks entrance exams. The student who can utilize the resources available viz., his knowledge and the time available for the exam, make it to the top list. So what preparations need to be made by the students to bell the CAT exam? Additionally, how should the students make their profile impressive to leave a positive impression on the interview panelists. To offer the answers to such pertinent questions, *Illuminate – The Learning Hub* of Maharaja Agrasen Institute of Management Studies organized a webinar on 'CAT Preparation and Profile Building' on Sunday, June 28, 2020. The webinar was conducted using the digital platform, Zoom at 5: 00 pm.

The resource persons for the webinar were Mr Utkarsh Kumar and Mr Akshay Kumar Sirsalewala.

Mr Utkarsh Kumar, a merit scholar at IIM, is an incoming Senior Associate at Boston Consulting Group (BCG). Most recently, Utkarsh has worked at EY (Business Advisory Services division) on Profit Maximization for an Indian Natural Gas Distribution client and the 2030 Growth Strategy Project for a UAE based Oil and Gas client. He was brought up in Kolkata and completed his Bachelor of Technology in Chemical Engineering from IIT Guwahati, where he co-founded LECTUR.

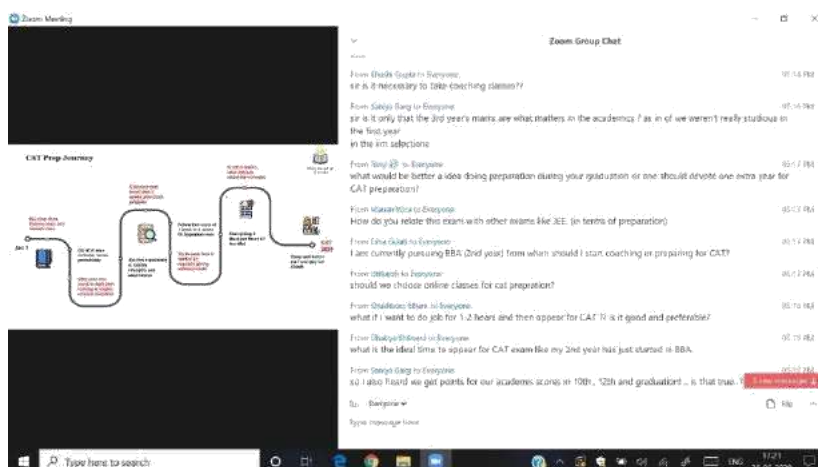

Mr Utkarsh Kumar approached the audience by giving a brief overview of the various sections in CAT Exam'. He gave tips to students on 'how to select the right sets and how to solve them'. He advices the students to focus on selecting the most easy or high scoring sets to increase their number of good attempts. Once you select the sets, how can you solve these sets with utmost efficiency was also discussed by him. A very interesting profile building model was shared by Mr Kumar to inspire the students to go beyond their limits. In addition, he also shared some of the valuable tips, like, find pull quotes that move the story, develop your angle, let your subject to do 90 % of the talking, create your questions that linger, record your interviews for self – evaluation, etc. among the students to make their profile stand out amongst the many numbers.

The webinar also had the presence of Mr Akshay Kumar Sirsalewala, graduate from IIM Kozhikode. He is a CA who cleared all levels of CFA and FRM. Shortly, he will be joining PwC US Advisory as an Experience Associate. Prior to IIMK, he worked as a Debt Syndication Executive at an Investment Bank. He writes extensively on how to prepare for CA/CFA/CAT and was part of the editorial teams of CAclubIndia and InsideIIM. He also worked as faculty at Career Launcher, teaching Math and LRDI.

Mr Akshay Kumar Sirsalewala, scored 99.24%ile in CAT 2017 and very emphatically stressed that it's not only engineers who can crack CAT. You can be from any academic background, that can't stop you from cracking CAT and getting into a b-school. Mr Akshay Kumar said that many students miss out on solving easy questions in the exam due to lack of time management. He laid stress on adopting and applying an effective strategy to attempt the paper so that one can solve all the questions that one is capable of (It is not that one has to know everything). Cracking CAT is about ensuring that you solve correctly, and within the time available, all the questions that you would otherwise solve given infinite time!" was the 'principle of that perfect 99%ile score' given by him.

The session was very interactive and total of 142 students of MAIMS participated in the webinar. The enthusiastic audience raised many thought - provoking questions like Should one appear for CAT after gaining a work experience of 1 – 2 years in industry? When is the right time to start taking CAT coaching? Is there any association between CAT and other entrance exams like JEE? Is any weightage attached to 10th and 12th marks or is it only the graduation marks that are counted for? Will any weightage be attached to 3rd language course certificate? Which are the important questions one must prepare for an interview?

It was indeed a valuable session wherein the take away have helped the participants to identify the right approach of making it through the CAT exam and then building on the right profile while facing the interview panel. The webinar will definitely help students to become familiar with the CAT journey, the ideal CAT preparation strategy for non-engineers, the right tactics to adopt for handing various sections effectively and improving their confidence during an interview. The take away of the webinar will have a constructive influence on their performance on the D-Day.

TALK ON “THE PREPARATION FOR COMPETITIVE EXAMS”

On November 26, 2019 MAIMS hosted a talk session on "The Preparation for Competitive Exams" in Seminar room, Block 7 and invited an eminent personality and well-known name in the field of Software Development, **Mr. Piyush Agarwal**. He is currently associated with **Accenture** as a Software Engineer.

The programme began with blessings of Goddess Saraswati, followed by welcome address by the faculty coordinator Dr. Bharti Chaudhry and concluded with the presentation of a token of respect to the distinguished speaker.

The talk was divided into two sessions with a break in between. By introducing the success stories of successful candidates, the speaker provided the students with a ray of hope. Before expanding on the lecture's main topic, he discussed the placebo effect, which served as an appetizer.

The speaker then emphasized the complexities of it, including the Qualifications, Number of Attempts, Reservations, Cutoff marks, and the total number of services that fall under it. Additionally, he elaborated on the Exam Cycle, which requires an entire year to complete. He required the curious students to learn how to register for the exam. The staff members were given a list of preparation sources from which the students could collect. The students listened attentively as he explained the exam's grading scheme. He wanted the students to adhere to the fundamentals and be consistent in their endeavours.

For the second session, participants were given a spot test at the conclusion of the first session. The format and pattern of the test gave participants a taste of what to expect in exam rooms. This enhanced their ability to adequately prepare for their examinations.

84 Participants were extremely pleased with the overall event.

Faculty Coordinator- Dr. Bharti Chaudhry

Industry Pre-Placement Interaction with Concentrix

The Maharaja Agrasen Institute of Management Studies is always working to better prepare its students for their professional careers. The same goal was pursued by organizing Industry Pre-Placement interactions for the final year students that covered both up-to-date industry principles and placement preparation. The goal of the pre-placement discussion is to help the candidate grow as a whole in order to better prepare them for the many placements drives that would follow.

On August 13, 2019, Concentrix, a frontrunner in the field of preparing young brains for the competitiveness of the outside world, hosted a discussion. The Mini Auditorium was the site of the motivational speech that instilled courage and excitement in the young audience. **Mr. Varun Shrivastava** (varun.Shrivastava2@concentrix.com) managed the session.

Students were given an overview of the working conditions at the Company and the qualities they need exhibit if they are hired. In the end, attendees posed their own questions regarding a future in the area, and several students found their answers.

About **222** people attended the lively and engaging seminar. It was undeniably a meaningful discussion, and the students' takeaways would no sure aid them in making important decisions and bringing greater satisfaction and significance to their daily lives.

The Faculty Coordinators for this event were:

Ms. Shilpi Agarwal (Assistant Professor)

Dr. Bharti Chaudhry (Assistant Professor)

Pre-Placement Talk with WIPRO

MAIMS has always been a stepping stone for students who, over time, have become ready to spread their wings and fly high in the future. In order to achieve this goal, WIPRO hosted a Pre-Placement Talk for final-year students on October 21, 2019 in the Main Auditorium.

Mr. Mudit Singhal led the Pre-Placement talk, which provided a platform for the recruiter and the student to interact with each other in order to gauge the synergy between the student's goals and the recruiter's requirements.

An hour-long pre-placement talk involved the speaker instilling the values that the recruiter is looking for and instilling confidence and success in their dreams. It was a very informative talk that not only cleared the students' doubts about their future prospects in the field but also helped them prepare better for the interviews they will face in the future.

Total **323** students attended the discussion. The speaker answered all questions about higher education or placement, salary packages, and ultimately motivated them to study hard, work on their soft skills, and participate in extracurricular activities for personality development.

ENTREPRENEURSHIP AWARENESS PROGRAM (EAP)

IN COLLABORATION WITH MINISTRY OF MSME TECHNOLOGY

DEVELOPMENT CENTRE (MSME)

February 17 – 28, 2020

Over the years, Maharaja Agrasen Institute of Management Studies has taken several initiatives towards holistic development of its students. It strongly believes that its students have the potential to become the future of tomorrow by creating jobs rather than seeking jobs. MAIMS wishes to create entrepreneurs in its campus as they (entrepreneurs) are seen as national assets to be cultivated, motivated and remunerated to the greatest possible extent. Entrepreneurs can change the way we live and work. Moreover, an educational institute can play a pivot role by helping its students to bring up the entrepreneur inside them.

In tune with this focus, Maharaja Agrasen Institute of Management Studies in collaboration with Ministry of MSME Technology Development Centre (MSME) organized an Entrepreneurship Awareness Program (EAP) for 10 days in the campus for students.

Entrepreneurship Development Programme (EDP) is a programme which helps in developing the entrepreneurial abilities. The skills that are required to run a business successfully, is developed among the people through this programme. Sometimes, people may have skills but it requires polishing and incubation.

The EAP started on February 17, 2020 with an intake of 53 students from all the streams. The sessions were conducted by Mr. Aishwary Awasthi, Training Coordinator (EAP) Program and Ms Sudeepti, Faculty-cum-Trainer.

In the 10 days entrepreneurial journey, students were exposed to various topics like entrepreneurial skills, the importance of entrepreneurship, the process of entrepreneurship development and working. Students were also given a project in which they were supposed to formulate a proposal for an innovative product/service. The feasibility and further extension of the product/service was discussed in detail with Ms Sudeepti during the sessions.

This programme consisted of a structured training process to develop an individual as an

entrepreneur. It helped the students in acquiring skills and necessary capabilities to play the role of an entrepreneur effectively.

Towards the end we can say that, talent is natural but skill is only developed by hours and days and months of hard work. EDP is not just a training programme but it is a complete process to make the possible transformation of an individual into an entrepreneur. This programme definitely guided our students on how to start the business and effective ways to sustain it successfully. The program has definitely uplifted the entrepreneurial spirits of our students and has motivated them to become hunters of fortunes into the future.

REPORT

WORKSHOP ON IPR AND TRADITIONAL KNOWLEDGE- CONTEMPORARY ISSUES AND CHALLENGES

February 27, 2020

The workshop on “IPR AND TRADITIONAL KNOWLEDGE: CONTEMPORARY ISSUES AND CHALLENGES” was organised by Maharaja Agrasen Institute of Management Studies, School of Law on February 27, 2020 in the Seminar Hall, block no. 7”. The workshop was attended by 83 students from Department of Law.

The workshop was graced by dignitaries such as Prof. S.K. Garg, Prof. G.P. Govil, Prof. (Dr.) Ravi Kumar Gupta, Dr. Krishan. S. Kardam, Dr. Claudia Masoni and Dr. Sunanda Bharti. The workshop began by lightening the lamp and praying to goddess Ma Saraswati. The guests for the day were being welcomed by presentation of saplings and shawls.

The welcome address was presented by Prof. Garg, where he not only introduced the concept of IPR but also cited a tremendous example of 150 years back of two scientists one of whom belonged to Russia and the other one to Germany. The duo shared the same work and prepared the traditional periodic table but the Russian scientist got his work published 50 days prior to the work of the other scientist and his name is still recognised as the founder of the traditional periodic table by Mendeleev, thus the importance of patenting could be traced from long back.

Dr. KS Kardam, the Senior joint controller of Patents and Trademarks Chaired the first session wherein he mentioned that the recognition of IPR started recently but it was prevalent in the society for long. He mentioned about the Ramayana as it is believed that Ravana brought an airplane which was a source of invention and Aryabhatta introduced the world with the digit Zero. All of these are creations but at that time the knowledge of patenting and IPR was quite low. He mentioned about the amendments and history of patent since 1856 till 2005 along with the examples on Biopiracy. Furthermore he glorified the classification of CSIR and AYUSH. CSIR has digital library which has got certain patents cancelled worldwide having Indian

origin. He strongly submitted that till date there is no formal legislation to protect the Traditional Knowledge of the people. The Intellectual Property Organisation which administers International Intellectual properties in all countries has laid formal guidelines for protecting genetic resource and traditional knowledge. Till date 40 sessions are conducted to address this concern by this organisation. After the conclusion of Dr. K. S. Kardam informative inaugural speech, the First Session commenced wherein the faculty member Ms. Nisha Dhanraj Dewani while introducing Dr. Claudia Masoni who was from Italy, worked as a field researcher in many projects relating to traditional knowledge, appreciated her for her contribution of her chapter in her upcoming book on ‘Protection of IPR and Traditional Knowledge’ having USA Publication.

Dr. Claudia mentioned that traditional ecological knowledge is a body of knowledge built by a group of people through generations living in close contact with the nature it includes the system of classification a set of empirical observations about the local environment and the system of self management that governs resource use. She further mentioned that sustainable development is the economic development conducted without the depletion of natural resources. Further she discussed about bio piracy that it is the unauthorised commercial use of biological resources for associated traditional knowledge from developing countries or from the indigenous communities are the patenting of various inventions based on traditional economic knowledge without prior informed consent and benefit sharing. She stressed upon the eligibility for patents is the Novelty, non obviousness and its utility. Along with the same, she put in discussion the laws like Article 27.3 (b) of the TRIPs agreement, Article 8 of convention on biological diversity, Article 31 of the UN declaration on the rights of indigenous peoples and Article 15 of international Covenant on economic social and cultural rights. Dr. Claudia emphasised on defence mechanism, the active protection and secret knowledge in the context of Traditional knowledge along with the difference between the privacy and the breach of confidence. This session kept engaged students with discussions and questions.

Session II

Dr. Sunanda Bharti, Assistant Prof. from University of Delhi, chaired the session II, gave an interesting example on Traditional Knowledge including Traditional Cultural Expressions, wherein she talked about the origin of traditional knowledge, its unique features and the need to protect Traditional Knowledge. She also shared her personal experience where she lived around the Bangni Tribe in Arunachal Pradesh and how they carry out their day to day activities like agriculture, fishing, weaving, handicrafts and cooking etc. purely with natural resources and material they obtained from the forest. She also enlightened the students on the need to protect Traditional Cultural Expressions and the problems concerning it. She stressed upon the issues like misappropriation of traditional cultural expression along with certain exceptions.

Lastly the vote of thanks was presented by Prof. (Dr.) Ravi Kumar Gupta wherein he not only concluded the workshop but emphasised on “*Vasudev Kutumbakam and sarve bhavantu sukhinah shloka*”.

REPORT

NETWORKING FOR GLOBAL PROFESSIONALS & ENTREPRENEURS IN POST PANDEMIC WORLD

Sunday, June 14, 2020

MAIMS has always taken concrete steps to work towards the holistic development of the students. We realize that in today's competitive world, where a student is running in a rat race to compete with the industry expectations, he/she always requires a platform where the skill and knowledge can be justified in the presence of industry personnel. To offer such a platform, ***Illuminate – The Learning Hub*** of Maharaja Agrasen Institute of Management Studies organized a webinar on 'Networking for Global Professionals & entrepreneurs in Post Pandemic World' on Sunday, June 14, 2020. The webinar was conducted using the digital platform, Zoom at 6: 30 pm.

The resource person for the webinar was Ms. Nidhi Nagori, Chartered Accountant from India and Certified Public Accountant from the US. She is currently working in Canada for Lincoln Electric as a Senior Internal Auditor. Her work involves traveling to different countries, working with diverse range of people and transcending cultural barriers to create a healthy work environment for her team. She has developed her own Soft Skills & Communication Course called 'Bridging the Gap' to help professionals learn the ways of presenting their knowledge on a global platform. She conducts sessions about LinkedIn brand building for professionals. She is also the founder of Canada Peeps- a space for new immigrants looking to network. The groups currently have over 1000 active members.

Ms Nidhi Nagori started her interaction with the students by first explaining that networking is an excellent way to make professional connections, develop opportunistic relationships, and stay abreast of exciting career opportunities. Although the concept of developing business relationships through socializing may seem daunting, particularly for those who are new to the practice, networking is in fact very intuitive. She further introduced the concept of Global networking which is simply networking on an international scale. And thanks to modern technology such as computers, smartphones, and the internet, global networking has never been easier.

She further explored the etiquettes or the rules of collaborating and networking with people on one of a very popular global professional network platform, LinkedIn. She explained that people will judge you based on your profile as your profile is the first thing your new connection will look at. Writing specialized messages for the audience in one's profile, sending personal acknowledgements to people, using the power of groups to boost one's potential network were some of the important takeaways of the session. She also gave some of the valuable tips to students about building the right profile to leave one's (potential) connections with positive thoughts about self.

The session was very interactive and saw a presence of 94 participants. The enthusiastic audience raised many thought - provoking questions like How to use LinkedIn as a platform for searching for a job? What kind of posts should be sent by an individual? How to create the right personal brand on LinkedIn? How to use LinkedIn as the right platform for creating collaborations with respect to start-ups?

It was indeed a valuable session wherein the take away have helped the participants to identify the right means of introducing self to new people without the breach of etiquette that comes in blindly reaching out to new connections. The webinar will definitely help students to become familiar with the way LinkedIn works to build your network of professional relationships and take advantage of everything the platform has to offer.

REPORT

STUDENTS' PERSONALITY DEVELOPMENT ACTIVITY ON **'HOW TO START YOUR ENTREPRENEURIAL JOURNEY OF YOUR STARTUP'**

Saturday, July 4, 2020

MAIMS has always taken concrete steps to work towards the holistic development of the students. The importance of the development of entrepreneurial skills by every graduate cannot be over-emphasized because gone are the days when jobs were available everywhere both in the private and public sector of the economy. Indeed, in the past, it was the employers who went round universities to hunt for potential employees. But the changing times have made many graduates desperate to get any job to keep body and soul going. Indeed, there is a paradigm shift in the labour market now. Realizing this change, ***Illuminate – The Learning Hub*** of Maharaja Agrasen Institute of Management Studies organized a webinar on 'How to start your entrepreneurial journey of your startup' on Saturday, July 4, 2020. The webinar was conducted using the digital platform, YouTube Live at 5: 00 pm. The resource person for the webinar was Mr. Saurabh Trivedi.

Mr. Saurabh Trivedi, a MAIMS Alumni, is an entrepreneur, intellectual property enthusiast, business consultant, investor and seasoned trademark attorney. He is currently the Co-founder and Director at Boudhik Venture. His expertise includes, Entrepreneurship Building, Consulting to universities/ incubation centers, Improvising brainstorming process of start-ups, IPR, Multi-disciplinary team building and Leadership.

Mr Trivedi initiated his talk by presenting the true, though gloomy picture of the changing employment prospects for the youths in the present times of increasing competition. At present, employment in the public sector is decreasing and job prospects are diminishing by the day. Added to this ugly situation are the increasing trend of job outsourcing, casualization of labour across industry and the increasing phenomenon of rightsizing of labour among big firms and corporations in the country. As a side effect, the figure of tertiary graduates who have not been able to secure the first employment since graduation for upward of five years is on the increase and even those with professional qualifications are not spared from the ugly phenomenon. Others are paid peanuts if they are lucky to secure paid job. So, what to do in this scenario. The answer – Become a Job Creator, rather than a Job Hunter!

Having set the platform for the students to become entrepreneurs, he swiftly moved towards elaborating what does the entrepreneurship really entail? In his opinion, basically, entrepreneurship really entails: the building of skills in negotiation, building leadership skills, new product/service development, creative and innovative thinking and exposure to technological innovation. He also explained that some of the personal characteristics of an

entrepreneur are optimism, vision, initiative, desire to lead, drive, persistence, risk tolerance and resilience. The role of creativity and thinking out of the box, rather change the box in the

skill set of an entrepreneur was very aptly and lucidly presented by Mr. Trivedi in the webinar. The various steps to be taken to build your own venture and the concept of creative financing and crowd funding to finance one's start – up was also explained by our resource person.

The session was very interactive and total of 87 students participated in the webinar. The enthusiastic audience raised many thought - provoking questions like What are the expected challenges we are likely to face in our entrepreneurial journey? How can we mentally prepare our self for the likely setbacks? How to capitalize networking effectively to attain success in my entrepreneurial journey? How to check the feasibility of the new idea developed? Can creativity be improved? What is the role of venture capitalist in entrepreneurship development? etc.

It was indeed a valuable session wherein the take away would encourage participants to get involved in networking, create and manage businesses of their own and facilitate progress and success in entrepreneurial career. Nevertheless, entrepreneurship is the need for developing the requisite entrepreneurial skills which would make people not only to be job creators but also wealth creators. We are sure that the valuable insights would help our 'new entrepreneurs' get their ideas and ventures to the next level through the structured learning provided in the webinar.

REPORT **TALK ON “EFFECTIVE WAYS TO CRACK EXAMS”**

December 12, 2018

A talk on “**Effective ways to Crack Exams**” was organized by MAIMS in order to prepare the final year students for the challenges ahead and assist in every way possible. The talk had taken place in **Mini Auditorium** on December 12, 2018.

Mr. Shivam Ahuja had graced this occasion to educate and motivate the students on how to keep up the preparation. He is the Founder/CEO at Skill Circle, CEO at Delhi Angels, and founder of Delhi Start-ups. He is also a Business Advisor at Atal Incubation Center BIMTECH, a TEDx Speaker, and an investor at Coinally.io. The speaker is not only a known face in the industry but also specializes in preparing various students in preparing for the ultimate test of competitive exams i.e., the interview.

For the talk which was attended by **76** students, the speaker had prepared an interactive power point presentation while delivering pointers necessary for the preparation.

He preached the importance of having Conceptual Clarity to the listeners. He maintained that the Blue Print Approach was necessary to gauge the mindset of the question paper setters. He explained in detail the Preliminary, Mains and Interview part of the examinations. Overall, the Talk was highly Informative and Educative to the aspiring and ever-enthusiastic students of the department. The speaker made it clear that the main objectives of the exams were to unearth rough diamonds of the country to carry out the tedious workload of the land. The exams, in his words, were meant not only to the elite sections of the society but to everyone in the country. He finally concluded by stating that the exams were tough but not impossible to crack.

The speaker then through audio visual methodology, discussed previous exam papers and students actively answered the questions during the talk. The ones who had correctly given the right answers were then selected by the Speaker for mock interviews of those students on stage.

During the mock interviews, students braved the tough questions posed to them and their mistakes were highlighted by the speaker as ‘what not to do’ during the interview process. He advised the students to stand in front of mirror and keep attempting such mock interviews so as to build the confidence when the day finally arrives.

The Vote of Thanks was delivered by Faculty Coordinator Dr. Bharti Chaudhry which concluded with great appreciation from the students.

Pre-Placement Interaction with Concentrix

The Maharaja Agrasen Institute of Management Studies worked diligently to support and expose its students to opportunities for their future undertakings. Pre-Placement talks were held for final year students to discuss training for placement and current industry concepts in order to achieve the same goal. In order to get ready for various placement drives, the pre-placement talk concentrated on the candidate's overall development.

On August 29, 2018, Concentrix, a well-known brand in the field, organized a discussion to help prepare young brains for the competition of the outside world. The motivational speech took place in the Mini Auditorium and gave the pupils a boost of self-assurance and passion. **Mr. Varun Shrivastava** (varun.shrivastava2@concentrix.com) managed the session.

The speaker informed the audience about the working conditions at the company as well as what was expected of the chosen applicants. Participants eventually posed inquiries regarding a profession in this area, and several students received satisfactory responses.

There were approximately **220** students in the session, which was quite engaged. It was unquestionably a worthwhile lecture, and the lessons learned have allowed the students to find the best ways to plan their paths, which will not only assist them in making decisions about their paths but also give fulfilment and meaning to their daily lives.

The Faculty Coordinators for this event were:

Ms. Kamna Vaid (Assistant Professor)

Ms. Shilpee Agarwal (Assistant Professor)

Pre-placement talk with Abroad Shiksha

Students' well-being is a top priority at the Maharaja Agrasen Institute of Management Studies (MAIMS). In a similar vein, on November 21, 2018, Abroad Shiksha held a Pre-Placement Talk in Mini Auditorium.

Ms. Jyoti Sachdeva, COO (hr@abroadshiksha.com) was in charge of the Pre-Placement meeting. In an exhilarating two-hour session, this expert taught our students how to use the most up-to-date training methods to successfully navigate the problems they will face in the corporate world. In this way, students' capabilities are enhanced so that they are prepared to meet the difficulties of a globalized, competitive workplace.

The purpose of the presentation was to instill in the students the rudimentary soft skills that will be tested as part of the Company's recruitment process. Topics discussed included conducting a SWOT (Strengths, Weaknesses, Opportunities, and Threats) analysis, developing an aptitude test, writing a resume, and preparing for an interview. As many as **207** students signed up for the seminar, showing an overwhelmingly positive response.

The pupils were given the chance to broaden their horizons and develop their character through this discussion. The seminar was a success because of the students' ability to ask questions and receive answers.

Faculty Coordinators for this event were:

Ms. Preeti Bansal (Assistant professor)

Dr. Sunita Tank (Placement Officer)

Pre-Placement interaction with AMAZON

The Maharaja Agrasen Institute of Management Studies (MAIMS) has consistently prioritized its students' future success. The notion that the future belongs to people who trust in the beauty of their goals, Amazon hosted a pre-placement interaction on December 18, 2018 in the Mini Auditorium.

Mr. Saurabh Agarwal (Saurabh.Agarwal12@gmail.com) was the speaker for the Pre-Placement Interaction, in which the students were given a comprehensive grasp of the organization, the job presented, and the business standard operating procedures, among other things.

During the interactive phase of the Placement Talk, the students not only had a better grasp of the company and whether they would be a better fit for the roles given, but also had the opportunity to interact with the speaker to clear up any misconceptions.

The talk was attended by a total of **197** students who came prepared with in-depth research and, as a result, left an overall positive impression on the speaker.

The Faculty Coordinators for this event were:

Ms. Kamna Vaid (Assistant Professor)

Ms. Rashi Agarwal (Assistant Professor)

The subject experts Rajeev Kumar Panda and Naveen Gautam from Apeejay Institute not only shared their experiences, but also discussed every aspect of film making with the students. He not only shared the tips and bits of film making, but also encouraged the students to come forward and discuss their original ideas which they wish to work upon. The students were quite enthusiastic and came forward in large numbers. The workshop was organised for the Second and third year students of the Department of Journalism and Mass Communication. About 60 students enthusiastically participated in this two day workshop.

After the basics of film making, the students were divided into different groups and were asked to work on a original film idea. Keeping in mind the lessons learned by the experts, the students geared up to make films in their groups and left for the shoot with all the preparations. Meanwhile, the subject experts kept guiding the students by going to their respective shoot locations. Om Prakash, who was a part of the team from APJ Institute, also helped the students on the shoots throughout this tenure. After the shoot, the post production was also done by the students themselves under the supervision of experts. The final result of the process came out in the form of successful films. The experts were also very happy to see the hard work and dedication of the students.

At the end of the workshop, the films of the students were screened in front of everyone on a big screen, which received applause and appreciation from everyone. Workshop certificates were also given to the students for their hard work and dedication.

The convenor of this workshop, Bharat Banga thanked everyone from the bottom of his heart and said that he looks forward to this type of experimental workshops in future also. Pre-Placement Interaction with Om Trans Logistics Ltd.

MAIMS has always been a stepping stone for students who are ready to spread their wings and fly high in the future. In order to reach this goal, Om Trans Logistics Ltd. held a "Pre-Placement Interaction" with students of Final Year on February 12, 2019, in the mini-Auditorium.

Ms. Taranjeet (taranjeet.kaur@omtranslogistics.com) was in charge of the Pre-Placement interaction. The session gave the recruiter and the student a chance to talk to each other and find out if their goals and the recruiter's needs match up. During an hour-long pre-placement talk, the speaker gave them the values that the recruiter is looking for and gave them the confidence and success they need to follow their dreams. It was a very informative talk, and the students not only got their questions about the field's future answered, but it also helped them get ready for interviews they will have in the future.

Total **144** students were there to listen to the talk. The speaker answered all of their questions about college, jobs, and salaries. At the end, she encouraged them to do well in academics, work on their soft skills all the time, and take part in extracurricular activities to help them grow as an individual.

TALK ON “THE PREPARATION FOR COMPETITIVE EXAMS”

October 19, 2017

MAIMS organized a talk session on “The Preparation for Competitive Exams” on October 19, 2017 where an eminent personality **Mr. Sunny Tanwar** was invited to lead the talk.

The program began by invoking the blessings of God followed by the Deliverance of Welcome Address by Faculty Coordinators of the event **Dr. Sunita Tank and Ms. Preeti Bansal** and then proceeded to presentation of a memento to the esteemed speaker as a token of respect. A Talk was organized to impart knowledge on auditing and enhance students’ career prospects. The talk encompassed experimental seminars, simulations, case studies, practical insights, and other mind-stimulating activities. The guest speaker for the day was Mr. Sunny Tanwar who is a Chartered Accountant at NSKT & CO LLP .

The speaker was then invited to deliver the lecture, which was spread across two sessions with a break in between. The speaker served as a ray of optimism for the students by ushering in the success stories of successful candidates. Before elaborating on the main subject of the lecture, he explained the placebo effect which served as an appetizer before the main course. He also drew inspiration from the words of Graham Ford and Wright Brothers to motivate the students.

Followed by the bouts of motivation, the speaker stressed on the intricacies of it, such as the Qualifications, Number of Attempts, Reservations, Cut-off marks and the total number of services which comes under it. He also elaborately discussed on the Exam Cycle which takes an entire year to complete. He made the inquisitive students learn how to apply for the exam. He passed on a list of sources to refer for preparation to the staff members from whom the students could collect. The students listened vividly when he explained the marking system for the exam. He instructed the students to follow the three R’s- Read, Revise, Recollect, required to succeed in the exams. He wanted the students to stick to the basics and be consistent in whatever endeavor they undertook.

At the end of first session, for the second session, a spot test was conducted for the participants. The test so conducted gave a practical experience to the participants of what they would expect in exam halls. This further elevated experience of them to have a sturdy preparation of their exams. Total of 82 students attended the session and had an interactive and enriching experience.
