On this grand occasion, we would also like to thank Dr. Nand Kishore Garg, Founder and Chief Advisor, Maharaja Agrasen Technical Education Society & Chancellor, Maharaja Agrasen University, HP, whose invaluable guidance is cherished by all of us. Dr. Garg envisaged India as an economically resurgent country and looked on education as a means to achieve this. And with this belief, Maharaja Agrasen Institute of Management Studies (MAIMS) was established in the year 2003 by MATES. MAIMS has played a seminal role in providing top notch management, law and media education for the last nineteen years; preparing corporate leaders with a world view and Indian values. MAIMS faculty works with distinct goals to outline the students' all - round personality. They try to apprise the students with both worldly and unworldly values by being their mentors from the start to the completion of their courses. Through their efforts we have proved our mettle by creating new frontiers of excellence and ethical standards.

The Institute has kept pace with the changing world and has been the pioneering spirit behind many innovations in the field of education thus acquiring a well-deserved reputation in academics, sports and co-curricular activities. We at MAIMS have persistently strived to seamlessly mesh together research and teaching since one without the other is incomplete. Therefore, we have ensured the development of a collaborative environment conducive to learning, exposure to the best international practices and promotion of innovation and creativity. It's a matter of pride that in spite of the COVID Pandemic, the Institute organized 4 International Conferences in the year 2021. 18th Annual Report

Ladies and Gentlemen!

Respected Dr. Nand Kishore Garg, Founder Chairman MATES and Chancellor, Maharaja Agrasen University, Shri Prem Sagar Goel, Chairman MATES, distinguished trustees of the Governing Body, eminent alumni, all our respected guests, parents, my dear colleagues, students and friends, ladies and gentlemen.

The by gone year 2020 has taught us many valuable lessons of life. The upheavals caused by the COVID-19 pandemic made us reflect on different shades of mankind. In this context, I can recall a very apt saying...Nature can be a harsh teacher at times. Nonetheless, the Institute continued on its path of providing quality education and working towards the holistic development of the students. It has been an eventful one for the Institute, and I am pleased to note the progress that has been made by MAIMS on all fronts. Most notable during the year has been the significant milestones achieved by the Institute in the area of extending its sphere of influence into the academic milieu. To start off, I'd like to give a bird's eye view of the academic achievements of our students.

MAIMS for the last thirteen years has been playing a seminal role in the growth of the corporate sector and management and media education in India. And continuing the good run, last year too our students have raised the bar of excellence of our institute by some very commendable achievements in both academic and co-curricular activities.

On the placement front, I am pleased to announce that we have been very successful in providing a platform for all our final year students of all streams to showcase their talent to various companies that seeks to recruit them. The placement cell primarily offers job opportunities in the area of research, financial services, business development, brand promotion, human resource and operations. Some of the esteemed recruiters were invited for an online pre-placement talk. The students gained valuable insights from the pre-placement talks conducted with OM Logistics and Blanchard Research Training India Ltd. (For details refer to Annexure 3).

Simultaneously, the faculty has also made great progress in their efforts to be well recognised, in terms of the number of papers published and presented, and awards and recognitions received, which have increased significantly during the last year. I am gratified to see many of our existing faculty has a strong orientation towards research. More than 55 FDPs/MDPs/conferences were attended by over 105 faculty members. (For details refer to Annexure 1 and 2).

In terms of college activities, MAIMS has touched various milestones, here is a quick snapshot of what we did and what we achieved. Last year, we conducted "e-Faculty Development

Program on Making Higher Education Value Based, Innovative & Research Oriented for Resurgence” from June 24 – 30-, 2020- and One-Week online Workshop on “Google Tools for Online Teaching and Research” from August 08-15, 2020. A webinar on “Entrepreneurship as a Pathway to Make India Self-Reliant” was organized from August 9-17, 2020. We also hosted an online international conference on "Impact of Digitization on Education, Management Sciences, Information Technology, Law Enforcements and Media" from December 03-04, 2020. (For details refer to Annexure 1 and 2).

We work sincerely for the development of the non – teaching staff members also for whom 1-day workshop on ‘Digital payment’ and e-workshop on “Cross-Training of Library Staff” was also conducted.

The achievements of our vivid clubs and societies under the ambit of MACS deserves much attention. The ups and downs of the COVID-19 pandemic could not hamper spirit of our students. Our students shifted to online platforms and organized a host of online events, such as, entrepreneurship webinar: hatch from scratch, e-fashion show, photography competition, tattoo making competition, logo design competition, rangoli making competition, to name a few (For details refer to Annexure 1 and 2).

Finally, to conclude, I’d say that we have made significant progress during the year. While there is much to be done in our fulfilment of the Institute’s Long-term Vision, I am confident that we are well on the way to creating a sound foundation for accelerated and sustained growth in the years to come.

I extend my thanks and best wishes to the entire MAIMS community and all out stakeholders, alumni and other supporters for their continuing efforts in the last year, which has helped to achieve a memorable milestone.

Thank you.

But, Maharaja Agrasen Institute of Management Studies, established under the enlightened vision of our Founder Chairman and advisor, Shri Nand Kishore Garg Ji gets solace in these words of wisdom of Swami Vivekanand, that mind is not a dustbin to keep anger, hatred and jealousy.
