In the esteemed presence of our Founder Chairman, Dr. Nand Kishore Garg, the *Paryavaran Raksha Parv* on 5th June 2021 was started by planting a sapling in the garden of Maharaja Agrasen Institute of Management Studies.

Paryavaran Raksha Parv 2019:

Maharaja Agrasen Institute of Management Studies, with a pledge to restore environment, started the month-long, *Paryavaran Raksha Parv*. Students, faculty and dignitaries of the institution participate in this wonderful initiative. Environment protection must become an important content of civic education as a field of social impact.

In the esteemed presence of Founder Chairman, Dr. Nand Kishore Garg, Joint convener of the **RSS Environment & Water Conservation** activity Shri **Rakesh Jain**, our Chief Guest inaugurated the *Paryavaran Raksha Parv, 2019* on 31st July by planting a sapling in the campus garden.

Paryavaran Raksha Parv 2019:

Joint convener of the **RSS Environment & Water Conservation** activity Shri **Rakesh Jain**, our Chief Guest while planting a sapling in the campus of Maharaja Agrasen Institute of Management Studies.

Joint convener of the **RSS Environment & Water Conservation** activity Shri **Rakesh Jain**, our Chief Guest addressing the dignitaries, faculty and students during the ceremony and preaching the importance of planting a tree by each one present in the audience.

Paryavaran Raksha Parv 2018:

In the esteemed presence of our Chief Guest and Founder Chairman, Dr. Nand Kishore Garg, the *Paryavaran Raksha Parv* was commenced by planting a sapling in the garden of Maharaja Agrasen Institute of Management Studies.

Paryavaran Raksha Parv 2017:

At Maharaja Agrasen Institute of Technology and Management the inauguration of the environmental protection festival was done by MP Manoj Tiwari by planting a sapling.

On this occasion, Bollywood actress and producer-director Divya Khosla Kumar also interacted with the students and planted a sapling during the month-long *Paryavaran Raksha Parv 2017*.

Green Belt-

The Green Initiatives are created to identify various environmental issues and take necessary steps to achieve the goal of Environment conservation. Planting trees and gardens at educational institutions helps beautify the community. The institute has various plants which are even 100 years. Limited parking in the campus is a step towards saving our environment.

DDA Green Belt

Trees and Plants of Herbs and Shrubs with QR Code:

In the institute, over the years, over 200 trees, 750 herbs and shrubs has been planted by the students, faculty and management team. The area is being maintained by the staff of the institute. The area is extensively used by students, staff and local residents on a regular basis.

Flower Show-

Flower Show or Plant Show is conducted on the family day to spread awareness, establish clarity and emphasize benefits of usage of herbal plants. Display of herbal plants show and publication of a small booklet on herbal plants is a welcome step in this direction.

Bird Nests on Trees

To provide habitat for birds
nests were put on the trees in the
Green Belt.
