CELEBRATION OF INTERNATIONAL WOMEN'S DAY

International Women's Day was celebrated in MAIMS on 8th March, 2018 focusing on "Women in the Changing World of Work: Planet 50-50 by the year 2030".

The world of work is changing, with significant implications for women. On one hand, technological advancement and globalization brings unprecedented opportunities for those who can access them. While on the other hand, there is a growing informality of labour, income inequality and humanitarian crises.

The observance of 8th March as International Women's Day is a step towards ensuring Gender Equality for all women. The event was graced by our chief guest, Prof. (Dr.) Vinita Gupta, HOD, Department of Journalism & Mass Communication who apprised the audience with the importance of gender equality for all women.
