Green Policy

Lush green campus consisting of various trees not only provide pristine air but also increase the exquisite beauty of the surrounding of the institute. The building of the institute has been designed in a manner to ensure availability of the natural air and light thereby energy utilisation is minimised to protect environment. The institute is also home to various medicinal and non-medicinal plants and animal species.

All the students, faculty and stake holders are requested to use green policy directions and solutions. The Institute is committed to reduce, reuse and recycle the waste material and entered with MoUs with JAGRUTI NGO for recycling the waste paper. Energy Management, Solid Waste Management, e-Waste Management and Waste-water management are the key thrust areas forming the green policy of the Institute.

Recognizing the environment and social responsibility MAIMS has adopted green policy:

- To meet 90% of energy requirements from the solar panels.
- To reduce carbon footprints
- To promote use of electric vehicles by installing electric charging station.
- To adopt the DDA Green Belt & maintain it.
- To make the campus plastic-free.
- To harvest rain water so as to recharge ground water reservoirs.
- To organize tree plantation drives periodically with the help of students and faculty members in order to make the campus green and beautiful.
- To maintain lush green lawns with variety seasonal flowers blooming across the campus.

- To promote the use of Green & Blue dustbins in order to segregate the solid waste into dry and wet category.
- To use biodegradable waste for the production of bio-mass in the in-house nursery for maintaining the landscape of the Institute.
- To use pruned and discarded greens as fertilizers after a certain period of time.
- To recruit dedicated house-keeping staff with adequate experience in maintenance of horticulture at the campus.
- To create paper-less campus by minimizing the usage of paper for official correspondence.
- To sensitize students and staff towards safe disposal of e-waste.
- To recycle wastepaper with the assistance of an external agency.
- To encourage students to generate 'wealth out of waste' by initiating recycle, segregation and disposal of waste responsibly.
- To ensure to meet the legislative and regulatory requirements of the government.
