CLICKATHON Photography Competition

(August 19, 2021)

“We are making photographs to understand what our lives mean to us.”

- Ralph Hattersley

The students of MAIMS participated in Clickathon Photography Competition organized by the What a Click- the Photography Club of MAIMS on August 19, 2021. The Theme of the Competition was "Capturing Beauty in Stillness". The competition was a way to help the students develop attention to details in their routine and start to see what surrounds them with fresh eyes. So, it was a time to challenge the students to find beauty everywhere and thus, discover even more than initially expected. No corner will be dull, no sky will be flat when looking for the perfect shot. The streets, the café, the faces you know so well will become the most desirable subject.

With an enthusiastic bunch of participants, the Club received about 15 entries out of which three were awarded on basis of theme, innovation and reference. Judges for the event were: Prof. (Dr.) Vinita Gupta and Prof. (Dr.) Umesh C. Pathak. The contest was to inspire the photographer inside us. Photography ranging from capturing the skyline or sunset to monochromatic themes to Smartphone- centric snap fests; reflected the passion, interest and creativity of participants. Many entries were eye catching and innovative, the best among those were felicitated.
