### **‘Eklavya’ - Mono Acting Competition**

**(March 02, 2018)**

*“Mono acting is a vehicle for artistic exploration which nurtures the power of self-expression.”*

Mono acting is basically a short solo play where only one person portrays a single character or multiple characters. It provides a golden opportunity to students for showcasing their acting talent and encourages them to appreciate the art of dramatics. This theatrical piece promotes the ability to understand human emotions effectively and represent multiple shades of a particular character. Mono acting is an impressive tool to stimulate the power of imagination of the students and inspire students to use their facial expressions, body language and gestures for depicting various characters. With an aim of exploring the creative potential of our aspiring actors and motivating them to demonstrate their thoughts and emotions, an “Inter College Mono Acting Competition” was organized by the Institute on March 02, 2018.

The participants were judged on the basis of their confidence level, voice modulation, dress and props and the content presented by them through their acts. A total of **46 participants** participated with great zeal in this event and displayed their acting caliber through an array of mono acts.

The following are the **winners of the “Eklavya’: Mono Acting Competition”**:
