Poster Making Competition – International Women’s Day Celebration

(March 08, 2018)

International Women’s Day is celebrated on March 8 every year to mark the contribution of women to society across the globe. According to the United Nations website, the first International Women’s Day was marked in 1909 in America, marked as the National Woman’s Day on February 28 that year.

International Women’s Day has helped to build a strong support system and courage for all women. This day marked the demand of strong rights for women, including the right to vote, to hold public office, and a voice against employment and sex discrimination. The 2017 theme for International Women's Day, 8 March, focused on “**Women in the Changing World of Work: Planet 50-50 by 2030**”.
