## About the course

Cyber security is a discipline that covers how to defend devices and services from electronic attacks by nefarious actors such as hackers, spammers, and cybercriminals. While some components of cyber security are designed to strike first, most of today's professionals focus more on determining the best way to defend all assets, from computers and smartphones to networks and databases, from attacks. In today's digital world, one cannot ignore cybersecurity. One single security breach can lead to exposing the personal information of millions of people. These breaches have a strong financial impact on the companies and also loss of the trust of customers. Hence, cyber security is very essential to protect businesses and individuals from spammers and cyber criminals.

The course is designed for those who want to learn cyber security. This program aims to explain the current cyber security scenario and help learn relevant tools to manage and evaluate security protocols in computer systems. The program offers a deep insight into the fundamentals of cyber security with specially curated videos that make it easy to learn.

## Course Objectives

The main objectives of the course are:

- To familiarize students with current cyber security landscape.
- Gain insights into relevant tools to assess and manage security protocols in information processing systems.
- Develop knowledge on Cloud Security
- To make students acquainted with the process of identifying potential risks, assess the impact, and respond effectively to cyber threats.

## Course Outcomes

At the end of the course, participants should be able to:

- Student will be able to get familiar with concept of cyber-crime and its impact
- Will be able to know about the various ways through which such cybercrimes are executed
- Will be able to Understand the concept of Information Security
- Will be able to get familiar with the technical terms related to cyber security.

## Program Details

- Commencement date: 2<sup>h</sup> September 2019.
- There will be minimum 15 Sessions of 2 Hour each.
- The sessions will be conducted on Monday, Wednesday and Friday
- Class timings will be 2:30 pm – 4:30 pm.
- After the completion of course, feedback will be collected from the participants.
- Minimum 75% attendance is required to obtain the certificate.

## Who can attend?

- The student training programme would enable the students is to equip students to be able to demonstrate the necessary financial knowledge, tools and techniques necessary for the application of finance for development. Any student of Commerce and Management from MAIMS/MAU/MAIT and from other intuitions will be eligible to attend the program.
- Limited seats are available on first cum first served basis.

## Certification

**Director**  
Maharaja Agrasen Institute  
of Managemet Studies  
Sec-22, Rohini, Delhi-86

- Certificate of Completion will be issued to successful students.

## Course Content

---

The course is organized in modules and each module covers a reasonable content to enable participants connect and progress successively in the next modules.

### **MODULE 1: Introduction to Information Security**

- Security and risk management
- Network security
- Identity and access management

### **MODULE 2: Introduction to Cyber Security**

- Provide basic know-how of the present-day cyber security landscape
- Familiarize with relevant tools to assess and manage security protocols in information processing systems

### **MODULE 3: Cyber Security Fundamentals**

- Security Policies & Procedures
- Cybersecurity Mitigation methods

### **MODULE 4: Information System Governance & Risk Management**

- Information Security Governance
- Information Security Programs

### **MODULE 5: Risk Management**

- Basic Introduction to risk management at the time of cyber threat

### **MODULE 6: Incident Management**

- Developing an Incident Management & Response System

### **MODULE 7: Cloud Security**

- Concept of Cloud Security
- Key features of Cloud Security

### **MODULE 8: Disaster Recovery**

- Business Continuity and disaster recovery

### **MODULE 9: Key impacts of cyber crime**

- Impacts of cybercrime and identifying loss

### **MODULE 10: Popular Attacks- Hacker's Motivation**

- Motivation to implement a secured cyber security strategy
- Hacker's motivation to break into the system

### **MODULE 11: Popular Attacks**

- Ransomware
- Botnet attacks
- Social engineering attacks
- Cryptocurrency hijacking
- Phishing attacks

## Requirements for Issue of Certificate

- 80% or more attendance.
- Submission of solutions/answers of all assignments.
- Submission of all weekly feedbacks
- Good performance in all MCQ based tests.

### **Report by Convener**

### **Value Added Course on**

### **“CYBER SECURITY”**

**2nd September-30th November 2019**

Maharaja Agrasen Institute of Management Studies, Department of Commerce started a Student Training Programme “**CYBERSECURITY**”. The course was started for the undergraduate students of MAIMS and other institutes. Registration for the same began on 16<sup>th</sup> August, 2019 and classes started from 2<sup>nd</sup> September, 2019 and ended on 18th October, 2019. With 15 sessions of 2 hours each, the course was of 30 hours duration in total. The valedictory of the course was conducted on 30th November 2019.

This course is aimed at familiarize students with current cyber security landscape, Gain insights into relevant tools to assess and manage security protocols in information processing systems, Develop knowledge on Cloud Security, make students acquainted with the process of identifying potential risks, assess the impact, and respond effectively to cyber threats.

The certificate course was headed and convened by Ms. Rachita Aggarwal. Dr. Geetanjali Gupta, Mr. Praveen Kumar Singh, Ms. Rashi Aggarwal, Ms. Sarita Garg, acted as the resource person for the course covering various topics of cyber security as per their expertise. In total 123 students registered for the course. The course was conducted in 2 batches because of 123 students. The classes of 1st Batch were conducted on Monday, Wednesday and Friday and the classes of 2nd Batch were conducted on Tuesday, Thursday and Saturday. All the classes were offline. The timings of the classes were 2:30 pm to 4:30 pm.

The course had been started with the Introduction to Information Security, it moved to Introduction to Cyber Security, Cyber Security Fundamentals, then it discussed about Information System Governance & Risk Management, Now time to discuss the Risk Management, Incident Management, Cloud Security, Disaster Recovery, Key impacts of cybercrime, Popular Attacks- Hacker's Motivation, Popular Attacks. Almost all the topics were covered by resource persons in detail.

Certificates were given only to such students who successfully qualified all the four parameters namely, Attendance, feedback forms, Assignments and Quizzes. Total 123 students across the country have registered for this course and have qualified all the above stated parameters.

Such courses provide expert guidance to students & help them in building their resume. It gives them an edge over others when it comes to working in the corporate world. It helps the students in acquainting themselves with fundamentals of cyber security and protect them from the frauds. The
