MESSAGES

From the Founder & Chief Advisor (MATES) Desk Dr. Nand Kishore Garg

Maharaja Agrasen Institute of Management Studies has experienced an accelerated growth in academics and achievements in just a few years of its inception. Our students are nurtured with the culture of innovation to improve their efficiency and will continue to prove to be one of the most valuable assets to their professions. Apart from extensive research and analytical skills, decision-making and effective communication enhancement have greatly helped our students to produce results worth mentioning. Our focus has always been to align the course structure with the ever-changing skills required to thrive in the corporate world and to become professionally ready. Bearing this in mind, we consider attitude as the most important attribute which not just makes them efficient team players, but also helps them evolve into effective leaders. This is in sync with what John C Maxwell once said “It's not the position that makes the leader; it's the leader that makes the position.” We take great pride in our students' excellence and wish to constantly strive to make this affiliation mutually beneficial.

From Chairman's Desk Sh. Vineet Kumar Lohia
