For Non-Teaching Staff

December 10, 2021

Maharaja Agrasen Institute of Management Studies organized a one day workshop on “First Aid Training” for its non-teaching staff members. The workshop was conducted on 10 December, 2021, on the institute campus. The main purpose of the workshop was to train the employees regarding the correct use of first aid kits after an accident is essential to keep victims stable before they get medical care. Proper training is the only way to guarantee that your employees can make full use of a standard first aid kit. First aid training for employees is vital to ensure proactive safety measures are in place at your organization. A safe workplace breeds better productivity and avoids preventable losses of manpower and vital man-hours.

The training was provided by Dr. Deepa Kaushik (consultant Doctor and counsellor). Securing correct first aid skills for employees is vital to prevent severe injuries and avoid fatalities. The best way to get correct first aid training is to enlist the service of a professional safety consultancy. One of the most obvious benefits to employees of receiving workplace first aid is that they will have increased safety in the workplace.

REPORT

"Opportunities don't happen. You create them." -- Chris Grosser

The taxation system in India is such that the taxes are levied by the Central Government and the State Governments. Some minor taxes are also levied by the local authorities such as the Municipality and the Local Governments.

Over the last few years, the Central and many State Governments have undertaken various policy reforms and process simplification towards great predictability, fairness, and automation. This has consequently led to India's meteoric rise to the top 100 in the World Bank's Ease of Doing Business (EoDB) ranking in 2020. The Goods & Services Tax (GST) reform is one such reform to ease the complex multiple indirect tax regime in India. Understanding taxes greatly reduces the likelihood of making mistakes of ignorance. Also, having a good basic knowledge helps not only in avoiding difficulties, but also in avoiding missing deductions. In the same endeavor, to facilitate and prepare the students, MAIMS invited experts to conduct One-week Workshop on "Methodology of Taxation, its logicality and fairness". The workshop was held in association with PCJ School of Management, Maharaja Agrasen University, Baddi, Himachal Pradesh and in collaboration with Patiala Tax Bar Association.

Along with faculty members, a total of 63 participants were registered for the event.
