REPORT

On December 1st, the Internship & Placement Committee of the department of law, Maharaja Agrasen Institute of Management Studies organised a workshop skilfully led by Mr. Vishnu Dutt an expert in the field of digital forensics and investigation with an experience of 17 years in the field. His credentials include certification as an expert from Secure India, a prominent organization specializing in cyber security and digital forensics solutions, catering to governmental needs and beyond.

The workshop started off at 12:30 PM, with a warm welcoming note from Mr. Naman Sondhi. Gracing the occasion, Mr. Praveen Kumar Gupta, Head of Department of Law at MAIMS, extended a heartfelt gesture by honouring Mr. Vishnu Dutt with a token of appreciation- a memento and a sapling symbolizing growth and knowledge. The workshop was taken forward with an engaging interrogation-style discussion, probing the students about their understanding of cyber forensics.

Following the engaging discussions, Mr. Vishnu Dutt also shared stories and his personal experiences about cyber rights, frauds, and privacy concerns. He talked about cyber crime investigations, consultancy, giving students a deeper understanding. Furthermore, Mr. Vishnu Dutt delved into cyber forensics investigation, elucidating the role of digital forensic investigators who employ a diverse array of tools and software for conducting inquiries. He highlighted the five key stages integral to digital forensics investigation: investigation, extraction and preservation, analysis, documentation and presentation. This breakdown offered attendees a comprehensive understanding of the structured process involved in digital forensics investigations.

He also conducted a live experiment using strong hold bags to demonstrate how to control data capture, making it easier for everyone to understand and grasp the concept. Through these examples and practical demonstrations, attendees gained practical insights into these complex subjects. The workshop wrapped up with a doubt-clearing session. Students raised queries about various topics, seeking clarification, and sharing their feedback. Towards the end, a questionnaire round was conducted. Students who participated and answered the questions were rewarded with a desktop camera protection card.

The workshop organised by the Internship & Placement Committee of the department of law, Maharaja Agrasen Institute of Management Studies conducted by Mr. Vishnu Dutt from Secure India proved to be very impactful and knowledgeable for the law students in the field of digital security and cyber forensics.
