EVENT REPORT

WORKSHOP

Name of Event: Workshop-Opportunities and Challenges in Education- The Role of Integrated AI

Organized by: Training and Placement cell, Department of Economics

Date and Time of Event: 08th April, 2024 (11:30 am onwards)

Total participants: 59

Faculty Coordinator: Ms. Kamna Vaid, Training and Placement officer, Department of Economics

Venue: Seminar hall, 9th Floor, 9th Block, MAIMS

The Placement Cell of the Department of Economics, MAIMS, organized a workshop "Opportunities and Challenges in Education - The Role of Integrated AI."

The primary objective of the workshop was to explore the transformative potential of integrated AI in education while navigating the opportunities and challenges that arise in the field.

The workshop featured esteemed speaker Akash Gogri, an education sector veteran with over a decade of experience. Akash is renowned for fostering growth and industry partnerships, with an impressive track record of **personally training and empowering over 15,000 professionals and students.** His expertise includes **LinkedIn Essentials, Excel/Google Sheets, Resume Building, and Presentation Skills,** equipping learners with practical knowledge to excel in their endeavours.

The workshop started with Dr. Gaurav Aggarwal, Head, Department of Economics, along with Ms. Kamna Vaid, Training and Placement officer, Department of Economics, felicitating Mr. Akash Gogri with a sapling.

Workshop began with Mr. Akash delving into various **aspects of AI in education,** highlighting **its ability to mimic human-like behaviour, vast knowledge repository, and enhancement of grammar and language skills.**

He emphasized the importance of tone enhancement in communication, **utilizing the PET formula** – to effectively engage with AI technology,

P-Persona (putting AI in our shoes)

E-Environment (a brief of the situation)

T- Tone (clearly defining the tone of the required response)

Moreover, Akash elucidated on the role of AI in education, emphasizing the need to define tasks, understand constraints, and manage expectations when integrating AI into educational settings.

He engaged participants in interactive activities, including prompt generating exercises for a Travel blog and a Google ad, to demonstrate AI's practical applications.

In addition to discussing the potential benefits of AI, Akash also addressed its limitations and restrictions.

These include concerns regarding data privacy, algorithmic biases, and the inability of AI to fully comprehend complex human emotions and contexts. By shedding light on these challenges, Akash encouraged participants to approach AI integration thoughtfully and responsibly.

At the end, Mr. Akash Gogri was given a token of thanks by Dr.(Prof.) Rajni Malhotra Dhingra, Director, Maharaja Agrasen Institute of Management Studies.

Overall, the workshop provided valuable insights into the evolving landscape of education in the age of AI, empowering participants to leverage technology effectively while navigating its inherent challenges. The event concluded with a sense of enthusiasm and anticipation for the future of education enriched by integrated AI technologies.
