"So, as an undergraduate student, what are my other options and how to get there?"

1. The absolute best option: **Deferred MBA**
2. Job (no more education) – won't be enough
3. MBA from India (through the CAT) – but even after IIM MBAs, people are going for another MBA
4. **STEM MS through the GRE** – if you are sure you're passionate only about Tech, and never want to enter the world of Business, then this is the perfect choice. But if CEO roles / Business roles are on your horizon, this doesn't make any sense.
5. **The second best option:** Business Masters from the best places in the world (MiM, MiF, MiBA etc.)
