Proposed Courses of Action for Improvement in Programme Outcomes

Based on the overall attainment scores provided, all Programme Outcomes (POs) and Programme-Specific Outcomes (PSOs) have met or subsceded the target of **2.1 (70%) on a scale of 3**. Hence, to foster continuous improvement, following proactive measures are planned:

PO1: Inculcate critical thinking to carry out research objectively without being biased with preconceived notions & equip the student with skills to analyze problems.

Action Plan:

1. Conduct workshops on research methodologies and bias mitigation techniques.
2. Introduce case-study-based learning to enhance problem analysis skills.
3. Integrate interdisciplinary research opportunities to develop a broader critical perspective.
4. Organize peer-review exercises for student research to promote unbiased evaluation.

PO2: Formulate a hypothesis, evaluate and validate results, and draw reasonable conclusions thereof; prepare students for pursuing legal research in varied fields.

Action Plan:

1. Provide training in hypothesis formulation and experimental design through seminars.
2. Implement guided research projects where students develop and validate hypotheses.
3. Develop a mentorship program with industry professionals or academics for hands-on guidance in research.
4. Establish a feedback mechanism for hypothesis testing and result validation.

PO3: Imbibe effective scientific and/or technical communication in both oral and writing.

Action Plan:

1. Organize communication skills development workshops focusing on scientific and legal writing.
2. Introduce a formal requirement for presenting research findings in conferences and seminars.
3. Include mock court trials or debates to improve oral communication.
4. Set up peer-review sessions for student-written research papers to enhance quality.

PO4: Continue to acquire relevant knowledge and skills appropriate with the help of professional activities and demonstrate the highest standards of ethical issues in legal research.

Action Plan:

1. Introduce ethics and professional development courses specific to legal research.
2. Encourage students to attend professional development programs, certifications, and seminars.
3. Incorporate real-world ethical dilemmas in the curriculum to strengthen ethical decision-making.
4. Collaborate with legal professionals to share industry-standard practices through guest lectures.

PSO1: Should be able to demonstrate understanding of substantive and procedural law sufficient to enter the legal profession and professions in which legal knowledge is an advantage.

Action Plan:
