

NOTICE

This is to inform all aspirants seeking admission under the **Management Quota** that the **online and offline application forms** available on the Institute's website are functioning smoothly from our end. However, occasional short-term technical glitches may occur due to temporary server downtime or potential external interference with the application's source code. The Institute remains fully committed to providing prompt assistance and ensuring a smooth application experience for all candidates. A significant number of applications have already been received through both modes, and the process is still ongoing.

However, it has been reported that some candidates are facing **technical issues** while filling out the form. If such problems occur repeatedly at their end, they are advised to **visit the Institute between 10:00 AM and 12:00 Noon (Monday to Friday, excluding Gazetted Holidays)** for assistance in resolving the issue. Kindly **adhere strictly to the specified time window**.

In case visiting the Institute is not feasible—particularly for aspirants residing outside the Delhi-NCR region—they may write to us at director@mains.ac.in with their grievance. The email should clearly mention the GGSIPU Application Number, the Program Applied For, Class 12th/Graduation Aggregate Percentage, Contact Number, and a brief description of the issue faced. The Institute authorities will promptly look into the matter, resolve the issue at the earliest, and assist in tracking the status of the application.

The **Management of the Institute** encourages aspirants with **exemplary academic performance** (i.e., scoring **above 90% in Class 12th**) to apply under the Management Quota for all existing programs. These candidates are well-equipped to perform on par with students admitted through **centralized counselling** based on top ranks in the CLAT/CET 2025.

In recognition of academic excellence, the Institute is also planning to provide **Cash Rewards and Free/Subsidized Laptops** to deserving students—whether admitted through **centralized counselling** or the **Management Quota**—who have:

- Scored **above 95% in their qualifying examination**, and
- Completed **Class 12th from Government Schools**.

This merit-based incentive policy has been successfully implemented in previous years as well.

All aspirants and their parents are hereby informed that **admissions under the Management Quota for the academic session 2025-26** will be conducted **strictly in accordance with the provisions** of the *Delhi Professional Colleges or Institutions (Prohibition of Capitation Fee, Regulation of Admission, Fixation of Non-Exploitative Fee and Other Measures to Ensure Equity and Excellence) Act, 2007*.

Aspirants and their parents are strongly advised to be vigilant and to avoid any engagement with unauthorized individuals, agencies, or intermediaries (such as touts, consultants, or admission counsellors) who may falsely claim to be associated with the Institute or offer admission under the Management Quota.

If any such unauthorized demand is encountered, it should be **immediately reported** to any member of the **Management Quota Admission Monitoring Committee (MQAMC)** of the Institute.
