Poster Making Competition

on

World Suicide Prevention Day

Date: 10th September, 2025

No. of Participants: 19

Mode: Offline

Timings: 2:00 P.M. – 3:00 P.M.

Faculty Coordinators: Dr. Shivangi, Assistant Professor, Dept. of Computer Applications

To mark **World Suicide Prevention Day** on 10th September 2025, a **Poster Making Competition** was organized by the Department of Computer Applications at Maharaja Agrasen Institute of Management Studies with the aim of spreading awareness about mental health and the importance of suicide prevention. The theme of the competition was "**Creating Hope Through Action**", which is also the official theme for World Suicide Prevention Day. Participants were encouraged to express their ideas, emotions, and solutions related to mental well-being, emotional support, and community care through creative and thought-provoking posters.

The competition witnessed enthusiastic participation from over 19 students from various departments. The participants used powerful visuals, slogans, and symbols to convey their messages. Topics included breaking the stigma around mental health, seeking help, being kind, and creating safe spaces for conversations. The posters were judged by a panel of esteemed judges including, based on creativity, relevance to the theme, clarity of message, and visual impact.

Winner of the Competition was awarded with a cash prize of Rs. 1100.

All participants received certificates of participation, and the winning posters were displayed on the school/college bulletin boards and social media pages to spread the message further.

The Poster Making Competition served as a meaningful initiative to engage young minds in the conversation around suicide prevention and highlighted the role we all play in making our communities more compassionate and supportive.
