Seminar on
“Cybersecurity in the Age of Artificial Intelligence”
(Tuesday, September 2, 2025)

Title of the Activity	Seminar on <u>“Cybersecurity in the Age of Artificial Intelligence”</u> .
About the Event	MAIMS constantly strives for the holistic development of its students by fostering academic excellence and practical skills. In line with this vision, the Department of Computer Applications is proud to organize a seminar on <u>“Cybersecurity in the Age of Artificial Intelligence.”</u> The session will focus on exploring how AI is reshaping the cybersecurity landscape, addressing challenges, opportunities, and best practices to safeguard digital systems. It aims to bridge the gap between academic knowledge and industry trends, empowering students to stay ahead as future-ready professionals in the evolving tech world.
