The Department of Computer Applications, Maharaja Agrasen Institute of Management Studies (MAIMS), under the aegis of IQAC, organized an Industrial Visit and Training Session for BCA students at DUCAT, Pitampura on October 3, 2025. The visit aimed to provide students with valuable industry exposure and practical insights into the tools and technologies used in the IT sector. The training comprised three engaging sessions covering diverse and essential skill areas.

The first session focused on **Git and GitHub**, where students gained hands-on experience with version control systems and learned how to collaborate effectively using GitHub repositories. The session provided practical exposure to commands, commits, branching, and repository management, bridging the gap between academic knowledge and industry practice.

The second session emphasized **Personality Development**, helping students enhance their communication, confidence, and professional etiquette—key soft skills essential for career growth in the corporate world.

The final session showcased DUCAT’s **Dora AI Kit**, where trainers demonstrated its functionalities, working mechanisms, and real-world applications. Students witnessed live demonstrations of the AI kit’s capabilities, deepening their understanding of how artificial intelligence can be integrated into practical systems.
