REPORT

Add-on Course

Maths Decode Conquer Comparative with Ease

| | | |
|------------------------------------|---|--|
| Academic Session | : | 2024 -25 |
| Name of the course | : | Maths Decode Conquer Comparative with Ease |
| Organizing Unit | : | Department of Economics, MAIMS |
| Duration | : | Feb – May 2025 |
| Location | : | Seminar Hall, 9 th Block MAIMS |
| No of Students participated | : | 75 |
| Total Hours | : | 36 |

Department of Economics, MAIMS under the aegis of IQAC started 36 hours Add on Course on “Maths Decode Conquer Comparative with Ease”. The course was designed for all the undergraduate students of Department of Economics, MAIMS from Feb 2025.

The course was headed by Dr. Gaurav Aggarwal, Associate Professor & Head, Department of Economics. The convener as well as resource person of the course was Dr. Bharti Chauhan, Assistant Professor, Department of Economics. In total 75 students registered for the course and all the students successfully completed the course.

The course was designed to bridge the gap between theoretical concepts and practical applications of mathematics in economics and allied fields. It aimed to enhance problem-solving abilities, logical thinking, and confidence in handling quantitative aspects of the subject.

Objectives of the Course

- To build a strong foundation in core mathematical concepts used in economics.
- To develop analytical and logical reasoning among students.
- To help students overcome their fear of mathematics through conceptual clarity.
- To prepare students for higher studies and competitive examinations that involve quantitative aptitude.
- To introduce the use of mathematical tools in real-life and economic problem-solving.

Outcomes of the Course

- Improved mathematical aptitude and conceptual understanding among students.
- Enhanced participation and confidence in quantitative papers.
- Better preparedness for higher education and competitive examinations.
- Positive feedback received from participants appreciating the practical and interactive teaching approach.

The Add-on Course on “Maths Decode Conquer Comparative with Ease” successfully achieved its objectives by enabling students to build a stronger base in mathematical concepts. The department plans to conduct similar courses in the future to continue nurturing analytical skills and promote a positive attitude towards mathematics.
