Objectives of the session:

- To guide students on preparing industry-ready resumes as per company expectations.
- To help students understand what recruiters look for beyond academic qualifications.
- To highlight the importance of internships and practical exposure in different fields.

Number of Students Participated: 60

Resume Building Session

On **28 January 2026**, Maharaja Agrasen Institute of Management Studies conducted a Resume Building Session for students with the objective of guiding them on how to create industry-ready resumes and improve their overall professional profiles. The session was organised as a part of the institute's continuous efforts to prepare students for placements and future career opportunities.

The session was held at **12:00 p.m.** on the **8th floor** of the institute and was led by **Mr. Gurpreet Babbar** (FIA, FIAI – IFOA UK & IAI India). The session focused on helping students understand how to make resumes that companies actually look for, rather than following standard or generic formats.

During the session, students were **advised** to build strong profiles by **gaining practical exposure** through internships in various fields. The importance of developing the habit of reading newspapers was also highlighted, as it helps students stay informed, improve awareness, and develop a professional outlook.

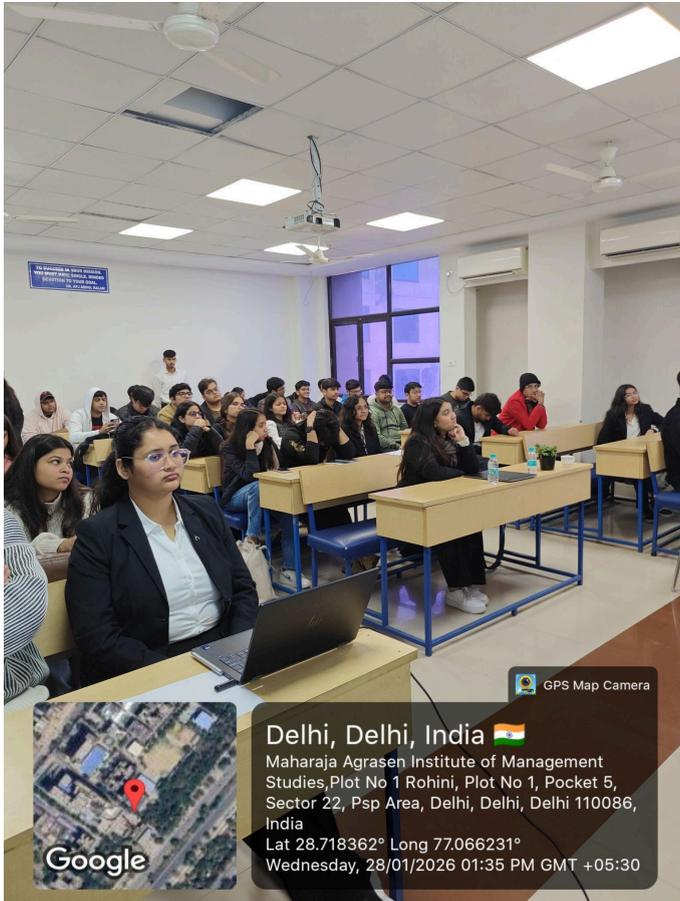

The speaker also emphasized that students holding positions of responsibility should actively work and contribute, instead of holding positions only for the sake of tags or titles. This was explained as an important factor that reflects **commitment, leadership, and seriousness**, which are valued by recruiters.

Overall, the session was **informative and practical** in nature. It helped students gain clarity on resume building and understand what recruiters expect beyond academic qualifications. The session successfully **motivated students** to work on their skills, experiences, and professional development.

Conclusion

The resume building session proved to be **highly useful** for the students as it provided clear guidance on creating resumes that meet industry expectations. It helped students understand the **importance of** practical exposure, staying updated with current affairs, and actively working in positions of responsibility. The session enhanced students' awareness about what recruiters look for and motivated them to work on their overall **professional growth**, making it a valuable learning experience.
