About the Workshop

The Department of Commerce, Maharaja Agrasen Institute of Management Studies (MAIMS), organised a session entitled "Speak to Succeed: Corporate Communication Skills For Future Professional Needs" on with the objective of enhancing students' corporate communication skills, enhance their confidence, and prepare them for corporate scenarios . The session commenced with the formal felicitation of the resource persons. The Associate Professor of the Department of Commerce, Prof.(Dr) Anil Kumar Goyal warmly welcomed the distinguished speakers and felicitated them with mementos and saplings as a token of appreciation.

With his vast corporate experience in global organizations like Mitsubishi Group and Nippon Steel Group, he shared valuable perspectives on leadership, communication, and career development. During the session, he emphasized the importance of energy, attitude, and effective communication in building strong professional relationships and achieving long-term career success. He also discussed how young professionals can develop the right mindset, leadership qualities, and strategic thinking to succeed in the corporate world.

To make the session interactive and practical, Mr. Gagan Singh conducted a three-round quiz titled “Energy & Attitude in Communication to Boost Employability.” Through short video-based scenarios related to real-life corporate and leadership situations, students were encouraged to analyse communication styles and decision-making approaches. This activity helped students understand how communication, confidence, and attitude play a crucial role during interviews and workplace interactions. The session was highly engaging and motivational, providing students with practical learning and valuable guidance for their future careers.

The workshop was highly interactive, with students actively participating and raising queries related to investments, risk assessment, and financial planning. The session concluded with a vote of thanks, expressing gratitude to the resource persons for sharing their expertise and guiding students toward becoming financially aware and responsible individuals.
