**Time of the Event:** 8:30 onwards

**Location:** 11 block Room No. 1175

**Number of students participated:** 55

The Department of Law, Maharaja Agrasen Institute of Management Studies, GGSIP University, organized a Value-Added Course on "Legal Drafting and Pleadings" from 18th August 2025 to 21st November 2025. The course was designed to provide practical exposure in drafting various legal documents and pleadings, with a strong emphasis on developing essential drafting techniques, analytical abilities, and professional skills required in the legal profession. The initiative aimed to bridge the gap between theoretical knowledge and practical application, equipping students with hands-on experience in legal writing and documentation.

The course commenced with an introductory session highlighting the importance of precise and structured drafting in legal practice. Throughout the duration of the program, students were trained in drafting a wide range of legal documents including legal notices, complaints, written statements, affidavits, bail applications, agreements, contracts, and petitions. Special focus was laid on understanding the format, language, clarity, and coherence required in different types of pleadings. Emphasis was also placed on the significance of accuracy, logical structuring of arguments, and the use of appropriate legal terminology.

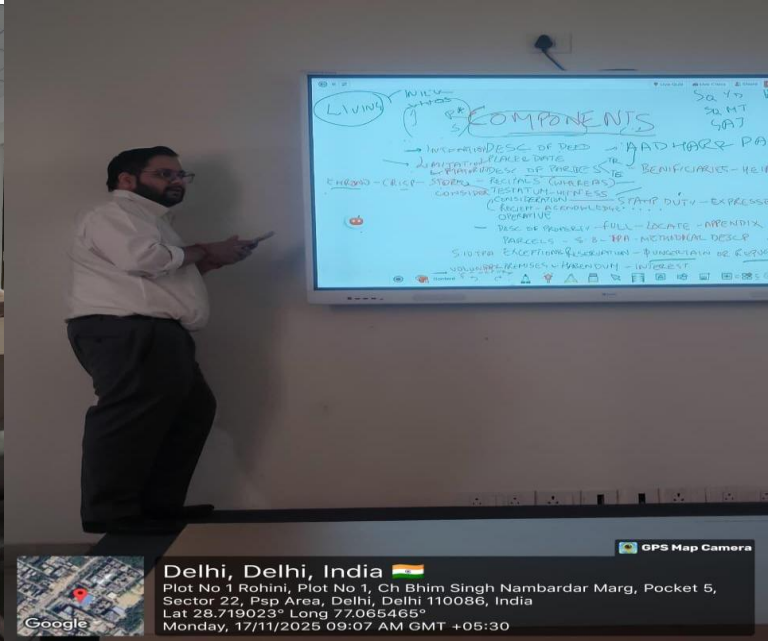

Interactive sessions, drafting exercises, and practical assignments formed an integral part of the course. Students were given real-life problem scenarios and were guided on how to convert facts into legally sound pleadings. Constructive feedback was provided to help them refine their drafting style and improve precision. The course also highlighted common drafting errors and the importance of maintaining professionalism, ethical standards, and clarity in legal documentation.

Furthermore, the program focused on enhancing research skills and the ability to interpret statutory provisions and case laws effectively while preparing pleadings. Students were encouraged to adopt a systematic approach towards legal drafting and to understand the strategic aspect of presenting arguments in written form. The sessions were highly engaging and fostered active participation, enabling students to gain confidence in preparing court documents independently.

The course concluded successfully on 21st November 2025, marking a significant learning experience for all participants. Students gained valuable practical exposure and developed essential professional skills necessary for litigation and other legal careers. The Value Added Course on Legal Drafting and Pleadings proved to be highly beneficial, strengthening students' competence in legal writing and preparing them for the practical challenges of the legal profession.
