Department of Economics

REPORT

Add-on Course

Maths Decode Conquer Comparative with Ease

Academic Session	:	2025 -26
Name of the course	:	Matheistics
Organizing Unit	:	Department of Economics, MAIMS
Duration	:	October – November 2025
Location	:	Seminar Hall, 9 th Block MAIMS
No of Students participated:		100
Total Hours	:	36

Department of Economics, MAIMS under the aegis of IQAC started 36 hours Add on Course on “Maths Decode Conquer Comparative with Ease”. The course was designed for all the undergraduate students of Department of Economics, MAIMS from Oct 2025.

The course was headed by Dr. Gaurav Aggarwal, Associate Professor & Head, Department of Economics. The convener as well as resource person of the course was Dr. Diksha Goel and Dr. Bharti Chauhan, Assistant Professor, Department of Economics. In total 100 students registered for the course and all the students successfully completed the course.

The course was designed to bridge the gap between theoretical concepts and practical applications of mathematics and statistics in economics and allied fields. It aimed to enhance problem-solving abilities, logical thinking, and confidence in handling quantitative aspects of the subject.

Objectives of the Course

- To build a strong foundation in core mathematical and statistical concepts used in economics.
- To develop analytical and logical reasoning among students.
- To help students overcome their fear of mathematics and statistics through conceptual clarity.
- To prepare students for higher studies and competitive examinations that involve quantitative aptitude.
- To introduce the use of mathematical tools in real-life and economic problem-solving.

Outcomes of the Course

- Improved quantitative aptitude and conceptual understanding among students.
- Enhanced participation and confidence in quantitative papers.
- Better preparedness for higher education and competitive examinations.
- Positive feedback received from participants appreciating the practical and interactive teaching approach.

The Add-on Course on “Matheistics” successfully achieved its objectives by enabling students to build a stronger base in quantitative concepts. The department plans to conduct similar courses in the future to continue nurturing analytical skills and promote a positive attitude towards statistics and mathematics.
