REPORT

"How AI Understands Images and Videos: An Introduction to Computer Vision"

Date: October 23, 2026

Number of Students: 87

Timings: 11:30 A.M. onwards

Venue: Seminar Hall, 9th Floor, MAIMS

Faculty Coordinator: Dr. Shivangi, Assistant Professor, Department of Computer Applications

Resource Person: Prof. Dr. Anurag Singh, Head, Computer Centre, Department of Computer Science and Engineering, National Institute of Technology, Delhi

The Department of Computer Applications, Maharaja Agrasen Institute of Management Studies (MAIMS), organised a seminar titled "How AI Understands Images and Videos: An Introduction to Computer Vision" on October 23, 2026, from 11:30 A.M. onwards for first-year BCA students. The seminar introduced students to computer vision, a field of Artificial Intelligence that enables machines to interpret and analyse visual information.

The seminar featured Prof. Dr. Anurag Singh, Head, Computer Centre, Department of Computer Science and Engineering, National Institute of Technology, Delhi. He delivered a lecture explaining how AI systems process and interpret images and videos and discussed the relevance of computer vision in contemporary technology and practical applications.

The session helped students connect their academic learning with real-world applications of Artificial Intelligence. It highlighted the growing importance of visual data, foundational AI knowledge, and keeping pace with technological advancements. Students gained valuable insights into computer vision and its significance in modern computing.

During the seminar, Prof. (Dr.) Sarita Bansal Garg, Head of the Department of Computer Applications, felicitated Prof. Dr. Anurag Singh. The programme was coordinated by Dr. Shivangi, Assistant Professor, Department of Computer Applications, and concluded on an informative note.
