Value-Added Course on

Cyber Smart AI Prime

Date: 15th Sept – 7th Oct, 2026
Duration: 30 Hours
In Collaboration with: NIIT Foundation
No. of Participants: 57
Mode: Online
Timings: 6 PM-8PM
Days: Monday-Friday
Faculty Coordinator: Ms. Neetu Agarwal, Assistant Professor, BCA

The Department of Computer Applications, Maharaja Agrasen Institute of Management Studies, under the aegis of IQAC, successfully organized a 30-hour Value-added Course titled *"Cyber Smart AI Prime"* in collaboration with NIIT Foundation from 15th September to 7th October 2026. The course was conducted in online mode and was attended by 57 students. It was designed to introduce students to the essentials of cyber safety and Artificial Intelligence, with a strong focus on hands-on learning and industry relevance.

The primary objective of the course was to equip students with the awareness, skills and confidence needed to stay safe and secure in the digital world and to use Artificial Intelligence tools responsibly and effectively. The course aimed to build conceptual clarity along with practical competencies that students can apply in their academic and professional lives.

Students taking online sessions on Cyber Smart AI Prime

Glimpse of the Valedictory Ceremony of the Cyber Smart AI Prime Certification Course.

The training emphasized experiential learning through practical activities, case studies and interactive sessions, enabling participants to develop competencies aligned with current industry demands. The collaboration with NIIT Foundation added industry-oriented content and exposure to the programme. Certificates of Completion were awarded to the participants who successfully completed the course.

The course was conducted under the mentorship of Prof. (Dr.) Rajni Malhotra Dhingra, Director, MAIMS, and the guidance of Prof. (Dr.) Sarita Bansal Garg, HOD, Department of Computer Applications. The program was convened by Ms. Neetu Agarwal, Assistant Professor, Department of Computer Applications, in collaboration with NIIT Foundation. The successful completion of this certification program reflects the institute's commitment to fostering innovation, enhancing technical competencies and preparing students for emerging opportunities in the rapidly evolving domains of cyber security and Artificial Intelligence. The Department looks forward to organizing more such future-oriented skill enhancement programs to bridge the gap between academic learning and industry expectations.
